SOLICITATION OF PROXIES

This information circular (the “Information Circular”) is furnished in connection with the solicitation of proxies by the management of BioSyent Inc. (the “Corporation”) for use at the annual general and special meeting of the shareholders of the Corporation (the “Meeting”) to be held at the time and place and for the purposes set forth in the accompanying notice of meeting (the “Notice of Meeting”) and at any adjournment thereof. The solicitation will be by mail and possibly supplemented by telephone or other personal contact to be made without special compensation by regular officers and employees of the Corporation. No solicitation will be made by specifically engaged employees or soliciting agents. The cost of solicitation will be borne by the Corporation. The Corporation does not reimburse shareholders, nominees or agents for the costs incurred in obtaining from their principals authorization to execute forms of proxy.

ATTENDANCE AT MEETING DISCOURAGED DUE TO COVID-19

As a result of heightened health and safety concerns related to the COVID-19 pandemic, in person attendance at the Meeting will be limited to registered shareholders, duly appointed proxyholders, and essential personnel. The Corporation strongly encourages shareholders not to attend the Meeting in person and to consult the recommendations of the Public Health Agency of Canada, Public Health Ontario, and local public health authorities for preventing the spread of COVID-19 through the practice of physical distancing. The Corporation encourages shareholders to vote their common shares prior to the Meeting following the instructions set out in the accompanying instrument of proxy.

The Corporation will be providing a live webcast of the Meeting. However, shareholders will not be able to vote through the webcast or otherwise participate in the Meeting. The Corporation encourages shareholders to vote their common shares in advance of the Meeting by completing the accompanying proxy or voting instructions no later than 9:00 a.m. (Eastern Time) on May 25, 2020. Shareholders not attending the Meeting in person are encouraged to access the webcast. On the date of the Meeting, a link to the webcast will be available on the Corporation's website at www.biosyent.com.

NOTICE AND ACCESS

The Corporation has elected not to send Meeting Materials (as hereinafter defined) to registered holders or Beneficial Shareholders (as hereinafter defined) of the common shares of the Corporation using the notice-and-access delivery procedures defined under National Instrument 54-101 – “Communication with Beneficial Owners of Securities of a Reporting Issuer” (“NI 54-101”) and National Instrument 51-102 – “Continuous Disclosure Obligations”.

APPOINTMENT AND REVOCATION OF PROXY

Registered Shareholders

Registered shareholders may vote their common shares by attending the Meeting in person or by completing the enclosed proxy. Registered shareholders should deliver their completed proxies to Computershare Investor Services Inc., 8th Floor, 100 University Ave, Toronto, Ontario, M5J 2Y1 (phone no. 1-800-564-6253) (by mail, telephone or internet according to the instructions on the proxy), not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting, otherwise the shareholder will not be entitled to vote at the Meeting by proxy.

The persons named in the proxy are directors and officers of the Corporation and are proxyholders nominated by management. **A shareholder has the right to appoint a person other than the nominees of management named in the enclosed instrument of proxy to represent the shareholder at the Meeting. To exercise this right, a shareholder must insert the name of its nominee in the blank space provided.** A person appointed as a proxyholder need not be a shareholder of the Corporation.

A registered shareholder may revoke a proxy by:

- (a) signing a proxy with a later date and delivering it at the place and within the time noted above;
- (b) signing and dating a written notice of revocation (in the same manner as the proxy is required to be executed, as set out in the notes to the proxy) and delivering it to Computershare Investor Services Inc., 8th Floor, 100 University Ave, Toronto, Ontario, M5J 2Y1 (phone no. 1-800-564-6253) at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof at which the proxy is to be used, or to the Chairman of the Meeting on the day of the Meeting or any adjournment thereof;
- (c) attending the Meeting or any adjournment thereof and registering with the scrutineer as a shareholder present in person, whereupon such proxy shall be deemed to have been revoked; or
- (d) in any other manner provided by law.

Beneficial Shareholders

The information set forth in this section is of significant importance to many shareholders, as many shareholders do not hold their shares in the Corporation in their own names. Shareholders holding their common shares through banks, trust companies, securities dealers or brokers, trustees or administrators of self-administered RRSP's, RRIF's, RESP's and similar plans or other persons (any one of which is herein referred to as an "Intermediary") or otherwise not in their own name (such shareholders herein referred to as "Beneficial Shareholders") should note that only proxies deposited by shareholders appearing on the records maintained by the Corporation's transfer agent as registered shareholders will be recognized and allowed to vote at the Meeting. If a shareholder's common shares are listed in an account statement provided to the shareholder by

a broker, in all likelihood those common shares are not registered in the shareholder's name and that shareholder is a Beneficial Shareholder. Such common shares are most likely registered in the name of the shareholder's broker or an agent of that broker. In Canada the vast majority of such common shares are registered under the name of CDS & Co., the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms. Common shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted at the Meeting at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting common shares for the broker's clients. Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate party well in advance of the Meeting.

Regulatory policies require Intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. Beneficial Shareholders have the option of not objecting to their Intermediary disclosing certain ownership information about themselves to the Corporation (such Beneficial Shareholders are designated as non-objecting beneficial owners, or "NOBOs") or objecting to their Intermediary disclosing ownership information about themselves to the Corporation (such Beneficial Shareholders are designated as objecting beneficial owners, or "OBOs").

In accordance with the requirements of NI 54-101, the Corporation has elected to send the Notice of Meeting, this Information Circular and a request for voting instructions (a "VIF"), instead of a proxy (the Notice of Meeting, Information Circular and VIF or proxy are collectively referred to herein as the "Meeting Materials") directly to the NOBOs and indirectly through Intermediaries to the OBOs. The Intermediaries (or their service companies), at their expense, are responsible for forwarding the Meeting Materials to OBOs. The Corporation does not intend to pay for intermediaries to forward the Meeting Materials and Form 54-101F7 - Request for Voting Instructions Made by Intermediary to OBOs, and in the case of an OBO, the OBO will not receive the Meeting Materials unless the OBO's intermediary assumes the cost of delivery.

Meeting Materials sent to Beneficial Shareholders are accompanied by a VIF, instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a Beneficial Shareholder is able to instruct the Intermediary (or other registered shareholder) how to vote the Beneficial Shareholder's common shares on the Beneficial Shareholder's behalf. For this to occur, it is important that the VIF be completed and returned in accordance with the specific instructions noted on the VIF.

The majority of Intermediaries now delegate responsibility for obtaining instructions from Beneficial Shareholders to Broadridge Investor Communication Solutions ("Broadridge") in Canada. Broadridge typically prepares a machine-readable VIF, mails these VIFs to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, usually by way of mail, the Internet or telephone. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of common shares to be represented at the Meeting by proxies for which Broadridge has solicited voting instructions. The VIF must be returned to Broadridge (or instructions respecting the voting of common shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the common shares voted. If you have any questions respecting the voting of common shares held through an Intermediary, please contact that Intermediary for assistance.

The purpose of this procedure is to permit Beneficial Shareholders to direct the voting of the shares which they beneficially own. A Beneficial Shareholder receiving a VIF cannot use that form to vote common shares directly at the Meeting. Beneficial Shareholders should carefully follow the instructions set out in the VIF, including those regarding when, where and how the VIF is to be delivered. Should a Beneficial Shareholder who receives a VIF wish to attend the Meeting or have someone else attend on their behalf, the Beneficial Shareholder may request a legal proxy as set forth in the VIF, which will grant the Beneficial Shareholder or their nominee the right to attend and vote at the Meeting.

Only registered shareholders have the right to revoke a proxy. A Beneficial Shareholder who wishes to change its vote must, at least seven days before the Meeting, arrange for its Intermediary to revoke its VIF on its behalf.

All references to shareholders in this Information Circular and the accompanying instrument of proxy and Notice of Meeting are to registered shareholders unless specifically stated otherwise.

The Meeting Materials are being sent to both registered and non-registered owners of the Corporation's common shares. If you are a Beneficial Shareholder and the Corporation or its agent has sent the Meeting Materials directly to you, your name and address and information about your holdings of the Corporation's securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf. By choosing to send the Meeting Materials to you directly, the Corporation (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering the Meeting Materials to you and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the VIF.

VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

If a shareholder specifies a choice with respect to any matter to be acted upon, the shares represented by proxy will be voted or withheld from voting by the proxy holder in accordance with those instructions on any ballot that may be called for. In the absence of any instructions in the proxy form enclosed, it is intended that the relevant common shares will be voted by the proxyholder, if a nominee of management, in favour of the motions proposed to be made at the Meeting as stated under the headings in the Notice of Meeting to which this Information Circular is attached. If any amendments or variations to such matters, or any other matters, are properly brought before the meeting, the proxyholder, if a nominee of management, will exercise its discretion and vote on such matters in accordance with its best judgment.

The instrument of proxy enclosed, in the absence of any instructions in the proxy, also confers discretionary authority on any proxyholder other than the nominees of management named in the instrument of proxy with respect to the matters identified herein, amendments or variations to those matters, or any other matters which may properly be brought before the Meeting. To enable a proxyholder to exercise its discretionary authority a shareholder must strike out the names of the nominees of management in the enclosed instrument of proxy and insert the name of its nominee in the space provided, and not specify a choice with respect to the matters to be acted upon. This will enable the proxyholder to exercise its discretion and vote on such matters in accordance with its best judgment.

At the time of printing this Information Circular, management of the Corporation is not aware that any amendments or variations to existing matters or new matters are to be presented for action at the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Only those common shareholders of record on April 13, 2020 (the “Record Date”) will be entitled to vote at the Meeting or any adjournment thereof, in person or by proxy. Cease Trade Orders, Bankruptcies, Penalties and Sanctions

To the best of the Corporation's knowledge, no proposed director:

- (a) is, as at the date of this Information Circular, or has been, within 10 years before the date of this Information Circular, a director or executive officer of any company (including the Corporation) that, while that person was acting in that capacity,
 - (i) was the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days;
 - (ii) was subject to an event that resulted, after the director or executive officer ceased to be a director or executive officer, in the company being the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days; or
 - (iii) within a year of that person ceasing to act in that capacity, became

bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets

- (b) has, within the 10 years before the date of this Information Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director; or
- (c) has been subject to any penalties or sanctions imposed by a court relating to Canadian securities legislation or by a Canadian securities regulatory authority or has entered into a settlement agreement with a Canadian securities regulatory authority or been subject to any other penalties or sanctions imposed by a court or regulatory body that would be likely to be considered important to a reasonable investor making an investment decision.

C) RE-APPOINTMENT OF AUDITORS

Management proposes to re-appoint MNP LLP, Chartered Professional Accountants, as auditors of the Corporation and to authorize the Board to fix the auditors' remuneration. The auditors will hold office until the next annual meeting of shareholders or until their successors are appointed. The resolution must be approved by a majority of the votes cast by the shareholders present in person or voting by proxy at the Meeting in order for it to be adopted. The Board and management of the Corporation recommend that shareholders vote FOR the ordinary resolution. Unless otherwise instructed, the management proxyholders appointed pursuant to the accompanying form of proxy will vote "FOR" the re-appointment of MNP LLP as the auditors of the Corporation.

D) APPROVAL OF STOCK OPTION PLAN, AS AMENDED

The Stock Option Plan currently provides that the Corporation can issue up to 10% of the Corporation's issued and outstanding common shares, on a non-diluted basis, as stock options. Pursuant to the policies of the TSX Venture Exchange (the "TSXV"), the Stock Option Plan must be approved annually by shareholders holding a majority of the outstanding common shares of the Corporation. Shareholders will be asked to approve a resolution (the "**Stock Option Plan Resolution**") approving, ratifying and confirming the Stock Option Plan, as amended. The principal amendment to the existing Stock Option Plan would limit the number of common shares issuable pursuant to the exercise of outstanding options granted under or subject to the Stock Option Plan, in combination with the aggregate number of common shares which may be issuable under any other share compensation arrangement of the Corporation, including, without limitation, the Restricted Share Unit Plan, to 10% of the total number of issued and outstanding common shares on a non-diluted basis from time to time. The amended Stock Option Plan also contains various amendments of a "housekeeping" nature. Please see "Stock Option Plan" below for a summary of the terms of the Stock Option Plan, as amended. A blacklined version (which shows the changes to the existing Stock Option Plan) of the full text of the amended and restated Stock Option Plan, which incorporates the proposed amendments, is attached to this Circular as Schedule "B" and will also be available for review at the Meeting.

The proposed amendments to the Stock Option Plan were approved by the Board on March 4, 2020 and must be approved by both the shareholders of the Corporation at the Meeting and by the TSXV. TSXV approval is subject to, among other things, confirmation and approval by the shareholders of the Corporation and satisfying the requirements of the TSXV, including filing of the applicable documentation.

To be approved, the Stock Option Plan Resolution must be passed by a majority of the votes cast at the Meeting. Management unanimously recommends a vote “FOR” the Stock Option Plan Resolution.

The text of the Stock Option Plan Resolution to be submitted to the shareholders at the Meeting is set forth below:

“BE IT RESOLVED AS AN ORDINARY RESOLUTION OF SHAREHOLDERS THAT:

1. The stock option plan of the Corporation, as amended, (the “**Stock Option Plan**”), as more particularly described in the notice of annual meeting and management information circular dated April 13, 2020 is hereby approved and the amended and restated Stock Option Plan be and is adopted, ratified and confirmed as the stock option plan of the Corporation until such time as further ratification is required pursuant to the rules of the TSXV or other applicable regulatory requirements.
2. Any one director or officer of the Corporation is authorized and directed, on behalf of the Corporation, to take all necessary steps and proceedings and to execute, deliver and file any and all declarations, agreements, documents and other instruments, whether under the seal of the Corporation or otherwise, and to do all such other acts and things that may be necessary or desirable to give effect to this ordinary resolution.”

The Board and management of the Corporation recommend that shareholders vote FOR the ordinary resolution. Unless otherwise instructed, the management proxyholders appointed pursuant to the accompanying form of proxy will vote “FOR” the approval of the Stock Option Plan Resolution.

E) APPROVAL OF RESTRICTED SHARE UNIT PLAN

The Board adopted the Restricted Share Unit Plan on March 4, 2020, subject to the approval of disinterested shareholders at the Meeting and final TSXV approval. The Restricted Share Unit Plan is a fixed plan which reserves for issuance a maximum of 800,000 common shares. Please see “Restricted Share Unit Plan” for a summary of the Restricted Share Unit Plan. In addition, the full text of the Restricted Share Unit Plan is attached to this Circular as Schedule “C” and will also be available for review at the Meeting.

Disinterested shareholders will be asked to consider and, if deemed appropriate, authorize, ratify, approve and confirm, subject to final regulatory approval, the Restricted Share Unit Plan (the “**Restricted Share Unit Plan Resolution**”). The Restricted Share Unit Plan Resolution must be approved by not less than a majority of the votes cast in respect thereof by shareholders other than insiders of the Corporation and their associates (as defined in the TSXV Policies, collectively, the “**Insiders**”) who can benefit from the Restricted Share Unit Plan.

The TSXV has conditionally accepted the Restricted Share Unit Plan, subject to the approval of disinterested shareholders. Management unanimously recommends a vote “FOR” in respect of the Restricted Share Unit Plan Resolution.

The text of the Restricted Share Unit Plan Resolution to be submitted to the disinterested shareholders at the Meeting is set forth below:

“BE IT RESOLVED AS AN ORDINARY RESOLUTION OF DISINTERESTED SHAREHOLDERS THAT:

1. The Corporation’s Restricted Share Unit Plan, as described and included in the Information Circular, pursuant to which the directors may, from time to time, authorize the issuance of up to 800,000 common shares of the Corporation to directors, officers, employees, and consultants of the Corporation in accordance with the Restricted Share Unit Plan, is hereby authorized, ratified, approved and confirmed, subject to final regulatory approval.
2. Any one director or officer of the Corporation is authorized and directed, on behalf of the Corporation, to take all necessary steps and proceedings and to execute, deliver and file any and all declarations, agreements, documents and other instruments, whether under the seal of the Corporation or otherwise, and to do all such other acts and things that may be necessary or desirable to give effect to this ordinary resolution.”

The Board and management of the Corporation recommend that shareholders vote FOR the ordinary resolution. Unless otherwise instructed, the management proxyholders appointed pursuant to the accompanying form of proxy will vote “FOR” the approval of the Restricted Share Unit Plan Resolution.

F) APPROVAL OF RESTRICTED SHARE UNIT GRANTS

At the Meeting, disinterested shareholders will be asked to consider and, if deemed appropriate, to approve and adopt an ordinary resolution of disinterested shareholders approving the grant (the “**RSU Grant**”) of an aggregate of 129,125 Restricted Share Units, of which 116,647 were granted to Insiders.

The following table sets forth the specific details of the RSU Grant, including the identity of the Insiders receiving Restricted Share units thereunder:

Name & Position	Number of Restricted Share Units Granted	Vesting Date
Larry Andrews - Director	8,310	March 31, 2023
Joseph Arcuri - Director	2,251	March 31, 2023
Sara Elford - Director	8,310	March 31, 2023
Peter Lockhard- Director	9,003	March 31, 2023
Navid Ashrafi - Senior Management	7,659	March 31, 2023
Neelu Atwal - Senior Management	4,848	March 31, 2023
René Goehrum - Director, President and CEO	31,510	March 31, 2023
Robert March - Vice President, Finance and CFO	12,408	March 31, 2023
Ramesh Moothan - Senior Management	5,817	March 31, 2023
Sharan Raghbir - Senior Management	6,981	March 31, 2023
Joost van der Mark - Vice President, Corporate Development	11,891	March 31, 2023
Kevin Wilson - Vice President, Community Health Business	7,659	March 31, 2023
Other Employees – non-Insiders	12,478	March 31, 2023

The RSU Grant was approved by the Board on March 31, 2020. As these Restricted Share Units were granted to the above-named Insiders and to employees prior to the receipt of disinterested shareholder approval of the Restricted Share Unit Plan, the policies of the TSXV require that the RSU Grant be approved by the disinterested shareholders before they can be exercised by the holders thereof. For the purposes of this resolution, disinterested shareholders are all shareholders of the Corporation other than those Insiders and employees (and their respective associates) receiving Restricted Share Units pursuant to the RSU Grant.

At the Meeting, disinterested shareholders will be asked to consider and, if deemed advisable, to pass with or without variation, an ordinary resolution (the "**Restricted Share Unit Grant Resolution**") approving the RSU Grant.

“BE IT RESOLVED AS AN ORDINARY RESOLUTION OF DISINTERESTED SHAREHOLDERS THAT:

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Interpretation

In this Information Circular, a “Named Executive Officer” (“NEO”) means:

- (a) the Corporation’s Chief Executive Officer (“CEO”);
- (b) the Corporation’s Chief Financial Officer (“CFO”);
- (c) each of the three most highly compensated executive officers of the Corporation, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and
- (d) each individual who would be a NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of that financial year.

The NEOs who are the subject of this Compensation Discussion and Analysis are René Goehrum (President and CEO), Robert March (Vice President, Finance and CFO), Joost van der Mark (Vice President, Corporate Development), Kevin Wilson (Vice President, Community Health Business), and Navid Ashrafi (Director, Medical and Regulatory Affairs). No other individuals fall within the NEO definition as at the date hereof.

Compensation Program Objectives

The Compensation, Human Resources, and Nominating Committee of the Board oversees the compensation of executive officers of the Corporation. The Compensation, Human Resources and Nominating Committee recommends and obtains the approval of the Board for all compensation plans or policies applicable to executive officers, including those whose compensation is set forth under the heading “Summary Compensation Table” below. See “Corporate Governance Disclosure – Compensation” below.

The Corporation's policy regarding executive compensation has the following objectives:

- to ensure that policies regarding compensation are aligned with the Corporation's business objectives;
- to provide levels of total compensation sufficient to attract and retain effective employees; and
- to ensure that management executives' interests are consistent with the objectives of the Board and Corporation's shareholders.

Overall, the Corporation's executive compensation policy aims to design executive compensation packages that meet executive compensation levels for executives with similar talents, qualifications and responsibilities at companies with similar financial, operating and industrial characteristics.

Purpose of the Compensation Program

The Corporation's executive compensation program has been designed to reward executives for reinforcing the Corporation's business policies and values, for achieving the Corporation's performance objectives and for their individual performances.

Elements of Compensation Program

The compensation package for the executive officers of the Corporation is principally composed of the following elements:

- base salary and benefits;
- an incentive program that currently takes the form of discretionary bonuses linked to the Corporation's financial and operating performance and other initiatives that enhance the intrinsic value of the Corporation (which incentives are duly approved by the Board); and
- long-term incentive programs, comprising:
 - the amended and restated Stock Option Plan, subject to shareholder approval of the amendments to the existing Stock Option Plan at the Meeting, as described below;
 - the Restricted Share Unit Plan, subject to disinterested shareholder approval at the Meeting and final approval of the TSXV, as described below;
 - the Employee Share Purchase Plan ("ESPP"), as described below; and
 - the Management Share Loan Program ("MSLP"), as described below.

Purpose of Each Element of the Executive Compensation Program

The base salary and benefits of a NEO are intended to attract and retain executives by providing a reasonable amount of non-contingent remuneration. In addition to a fixed base salary, the incentive program exists to motivate the NEO to achieve short-term goals. The Corporation's Stock Option Plan, Restricted Share Unit Plan, ESPP and MSLP provide long-term incentives to the Corporation's officers and employees to advance the Corporation's ongoing product commercialization programs and to enhance shareholder value.

Determination of the Amount of Each Element of the Executive Compensation Program

Base Salary

The base salary review of each NEO takes into consideration the current competitive market conditions, experience, proven or expected performance, and the particular skills of the NEO. Base salary is not evaluated against a formal “peer group”. The Compensation, Human Resources, and Nominating Committee relies on the general experience of its members in setting base salary amounts.

Annual Incentive Program

The Compensation, Human Resources, and Nominating Committee oversees the operation of the Corporation’s annual incentive program by evaluating and approving the amount of discretionary bonus payable. The discretionary bonus for each individual NEO varies depending upon the position and various factors linked to the Corporation’s financial and operating performance.

Long-term Incentive Programs

i) Stock Option Plan

The Corporation has established the Stock Option Plan under which Options (as hereinafter defined) are granted to directors, officers, employees and consultants as an incentive to serve the Corporation in attaining its goal of improved shareholder value.

The Board, based on recommendations of the Compensation, Human Resources, and Nominating Committee where appropriate, determines which NEOs (and other persons) are entitled to: receive Options; the number of Options to be granted to such individuals; and the date on which each Option is granted, the corresponding exercise price and any applicable vesting conditions. The number of Option grants is determined, in part, by the amount and terms of outstanding and expiring Options, the experience and expertise of each executive officer and the needs of the Corporation, among other factors. The Board makes these determinations subject to the provisions of the Stock Option Plan and the policies of the TSXV. For further information regarding the Stock Option Plan, refer to “Stock Option Plan” section below.

ii) Restricted Share Unit Plan

The Corporation has adopted, subject to the receipt of the requisite approvals of the TSXV and the disinterested shareholders, the Restricted Share Unit Plan under which Restricted Share Units may be granted to directors, officers, employees and consultants (collectively, the “**Eligible Persons**”) as an incentive to serve the Corporation in attaining its goal of improved shareholder value.

If the requisite approvals are received from the TSXV and the disinterested shareholders, the Compensation, Human Resources, and Nominating Committee of the Board will determine: which Eligible Persons (including NEOs) are entitled to receive Restricted Share Units; the number of Restricted Share Units to be granted to such Eligible Persons; the date on which the Restricted Share Units will vest; and any applicable vesting conditions, as

approved by the Board. The number of Restricted Share Units granted to an Eligible Person would be determined, in part, by the amount and terms of outstanding and expiring Restricted Share Units, the experience and expertise of such Eligible Person and the needs of the Corporation, among other factors. The Compensation, Human Resources, and Nominating Committee of the Board would make these determinations subject to the provisions of the Restricted Share Unit Plan and the policies of the TSXV. For further information regarding the Restricted Share Unit Plan, please refer to “Restricted Share Unit Plan” section below.

iii) ESPP

As part of the Corporation’s long-term incentive programs, the Corporation established the ESPP effective January 1, 2017. The purpose of the ESPP is to encourage equity ownership in the Corporation by its employees through the purchase of common shares of the Corporation. All full-time employees (including NEOs) of the Corporation who have been employed for more than ninety (90) days in any calendar year are eligible to participate in the ESPP. A participant may choose to participate in a Registered ESPP (as defined in the ESPP) or a Non-Registered ESPP (as defined in the ESPP).

Under the terms of the ESPP, the Corporation makes a matching contribution equal to 100% of the amount of each participant’s contribution, up to a maximum of 2.5% of the participant’s base salary during a calendar year for the purchase of additional common shares. All common shares of the Corporation that are purchased through the Corporation’s matching contributions are subject to a twelve (12) month hold period during which the participant may not sell, transfer or otherwise dispose of such shares, except in limited circumstances.

The amounts contributed to the ESPP by participants and by the Corporation will be applied, on behalf of the participant, to the purchase of common shares through the facilities of the TSXV at prevailing market prices and will be held in the participant’s registered and/or non-registered accounts by the ESPP administrator.

iv) MSLP

In 2016, the Board approved a Management Share Loan Program as an additional incentive program for the Corporation’s leadership team for the purpose of enhancing the commitment of key management personnel to the Corporation’s long-term growth and success. Effective May 26, 2017, the MSLP provides for the provision of one-time secured loans to members of the leadership team, including NEOs (each a “Borrower”), up to a maximum of fifty percent of each Borrower’s base annual salary, for the purpose of the Borrower purchasing the Corporation’s common shares at the prevailing market price through the facilities of the TSXV.

The MSLP is administered by the CFO and CEO of the Corporation under the oversight of the Chair of the Compensation, Human Resources, and Nominating Committee. Additionally, the Corporation engaged a third-party service provider (the “MSLP Agent”) which assisted with the administration of the acquisition of the common shares purchased by Borrowers with the proceeds of the loans under the MSLP.

Each Borrower authorized the Corporation to deliver the loan amounts to the MSLP Agent

for the sole purpose of the MSLP Agent causing the proceeds to be used to purchase common shares of the Corporation, on the Borrower's behalf, on the open market through the facilities of the TSXV.

Each loan bears interest at annual rates ranging from one to two percent (1.00% - 2.00%) and has a maturity date of five (5) years from the date that the loan was advanced.

All common shares of the Corporation purchased with the proceeds of a loan are required to be pledged as security for the satisfaction and performance of the loan obligations. If the Borrower ceases to be employed by the Corporation or a subsidiary of the Corporation prior to the end of the five-year maturity date, all outstanding loan obligations shall become due and payable on the 30th day following the date of termination. In addition, in the event of a default by the Borrower of the terms of the loan, among other circumstances, the loan obligations will become due and payable immediately.

Subject to the pledge on the common shares in favour of the Corporation, the Borrower is the sole owner of all common shares purchased on its behalf pursuant to the MSLP. All proceeds from the sale of common shares acquired through the MSLP are directed to the Corporation until the loan obligations have been satisfied in full.

General

In fiscal 2019, the Corporation recorded total comprehensive income of \$4,278,729. The Corporation awarded \$157,287 in aggregate bonuses to NEOs for 2019, which were paid in 2020. During 2019, there were also 27,268 options awarded to NEOs.

The Corporation's compensation practices and policies, as approved by the Compensation, Human Resources, and Nominating Committee, are generally designed to mitigate against excessive risk taking behaviour or situations that could encourage an executive officer to expose the Corporation to inappropriate or excessive risk. For example, the compensation policies and practices of the Corporation: (i) are structured uniformly across its various divisions; (ii) are structured uniformly for all executive officers (including NEOs); (iii) do not vary significantly from the overall compensation structure of the Corporation; (iv) do not reward the accomplishment of a task while the risk to the Corporation from that task extends over a significantly longer period; (v) do not reward performance goals or similar conditions that are heavily weighed to short-term rather than long-term objectives; or (vi) provide a maximum benefit or payout limit to executive officers (including NEOs).

The Corporation has not adopted a formal policy with respect to the purchase of financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by NEOs or directors. The Board strongly discourages such practice by any NEO or director and the Board is not aware of any such instrument having ever been purchased by a NEO or director.

CORPORATE GOVERNANCE DISCLOSURE

The Board believes that the principle objective of the Corporation is to generate economic returns with the goal of maximizing shareholder value, and that this is to be accomplished by the Board through its stewardship of the Corporation. In fulfilling its stewardship function, the Board’s responsibilities will include strategic planning, appointing and overseeing management, succession planning, risk identification and management, environmental oversight, communications with other parties and overseeing financial and corporate issues. The Board believes that good corporate governance practices provide an important framework for timely response by the Board to situations that may directly affect shareholder value. The Board is committed to practicing good corporate governance, and has adopted a corporate governance manual which contains numerous guidelines to help it practice good corporate governance.

Board Independence

The Board must have the capacity, independent of management, to fulfill its responsibilities. Independence is based upon the absence of relationships and interests that could compromise the ability of a director to exercise judgement with a view to the best interests of the Corporation. To facilitate independence, the Corporation is committing to the following practices:

1. The recruitment of strong, independent directors.
2. A majority of the directors being independent.
3. Delegation of the lead role in the director selection/evaluation process to the Nominating Committee and the lead role in the Chief Executive Officer evaluation process to the Compensation, Human Resources, and Nominating Committee.
4. All committees of the Board being constituted of a majority of independent directors, and solely independent directors if possible.

As of the date hereof, of the six proposed director nominees, Larry Andrews, Joseph Arcuri, Peter Lockhard, Stephen Wilton and Sara Elford are independent. The one remaining nominee director, Mr. René C. Goehrum, is not independent by virtue of his being an officer of the Corporation and/or subsidiaries of the Corporation.

Other Directorships

Sara Elford presently serves as an Independent Director of BQE Water Inc., a TSX-listed company specializing in water treatment and management for metals mining, smelting and refining.

Orientation and Continuing Education

New directors of the Corporation are provided with an orientation and education program which includes written information about the duties and obligations of directors, the business and operations of the Corporation, documents from recent board meetings and opportunities for meetings and discussion with senior management and other directors. Details of the orientation of each new director are tailored to that director's individual needs and areas of interest.

The Corporation also provides continuing education opportunities to directors so that they may maintain or enhance their skills and abilities as directors and ensure that their knowledge and understanding of the Corporation's business remains current.

Ethical Business Conduct

The Corporation has adopted a Code of Business Conduct and Ethics (the "Code") which is intended to document the principles of conduct and ethics to be followed by the Corporation's directors, officers and employees. The purpose of the Code is the following:

1. Promote integrity and deter wrongdoing.
2. Promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest.
3. Promote avoidance of absence of conflicts of interest.
4. Promote full, fair, accurate, timely and understandable disclosure in public communications made by the Corporation.
5. Promote compliance with applicable governmental laws, rules and regulations.
6. Promote and provide a mechanism for the prompt, internal reporting of departures from the Code.
7. Promote accountability for adherence to the Code.
8. Provide guidance to the Corporation's directors, officers and employees to help them recognize and deal with ethical issues.
9. To help foster a culture of integrity, honesty and accountability throughout the Corporation.

Board Committees

The Board has established three standing committees: the Audit Committee; the Disclosure Policy Committee; and the Compensation, Human Resources, and Nominating Committee.

Nomination of Directors

The Board has established a Nominating Committee, the primary function of which is to assist the Board in fulfilling its responsibilities with respect to identifying and evaluating qualified

candidates and recommending such candidates for nomination to the Board and its various committees.

In making its recommendations to the Board, the Nominating Committee considers the competencies and skills that the Board considers to be necessary for the Board, as a whole, to possess, the competencies and skills that the Board considers each existing director to possess, the competencies and skills each new nominee will bring to the Board and the ability of each new nominee to devote sufficient time and resources to his or her duties as a director.

For the financial year ended December 31, 2019, the Nominating Committee consisted of two members, Mr. Peter Lockhard and Mr. Larry Andrews, who are both independent directors within the meaning of National Instrument 58-101 – “Disclosure of Corporate Governance Practices” (“NI 58-101”).

Compensation

The Board has established a Compensation Committee, which, among other matters, is responsible for reviewing the adequacy and form of compensation paid to the Corporation’s executives and key employees, and ensuring that such compensation realistically reflects the responsibilities and risks of such positions. In fulfilling its responsibilities, the Compensation Committee evaluates the performance of the CEO and other senior management in light of corporate goals and objectives and Corporation performance for a given year, and makes recommendations with respect to compensation levels based on such evaluations.

For the financial year ended December 31, 2019, the members of the Compensation Committee were Mr. Peter Lockhard (Chair) and Mr. Larry Andrews, who were both independent directors within the meaning of NI 58-101.

Other Board Committees

The Board has not established any committees other than the Audit Committee, the Disclosure Policy Committee, and the Compensation, Human Resources, and Nominating Committee.

Assessments

The Board has delegated to the Nominating Committee the responsibility for carrying out a review and assessment of the overall performance and effectiveness of the Board, its committees and contributions of individual directors on an annual basis. The objective of this review will be to facilitate a continuous improvement in the Board’s execution of its responsibilities.

Diversity on Corporation Board and among Senior Management

The Corporation believes that ensuring diversity is not only fundamental to its future growth and progress but is an integral part of all its business activities. The Corporation recognizes and appreciates the benefits of having diversity on its Board and in its senior management. The Corporation respects and values, among other things, differences in gender, age, ethnic origin, religion, education, sexual orientation, political belief and disability. At the same time, the Corporation also recognizes that Board and senior management appointments must be based on

performance, ability and potential.

The Board has not adopted a formal policy regarding the identification and nomination of directors who are women, Aboriginal peoples, persons with disabilities or members of visible minorities (collectively, the “**Designated Groups**”). The Corporation recognizes the benefits of diversity within its Board, at the executive level and at all levels of the organization, but does not believe that a formal policy would enhance the representation of Designated Groups on the board beyond the current recruitment and selection process.

The Compensation, Human Resources, and Nominating Committee and Board are responsible for assessing the effectiveness of the process for identifying, evaluating and recommending director nominees. Similarly, with respect to senior management appointments, the Compensation, Human Resources, and Nominating Committee and Board are responsible for assessing the effectiveness of the process for identifying, evaluating and appointing senior management.

As of the date of this Information Circular, the Corporation has not adopted a target number or percentage, or a range of target numbers or percentages, for the members of any Designated Group to hold positions on the Board or to be members of senior management by a specific date, as it believes that imposing targets based on specific selection criteria would limit the Corporation’s ability to ensure that the overall composition of the Board and senior management meets the needs of the Corporation and its shareholders.

As of the date of this Information Circular, the Corporation has a total of six directors and eight members of senior management (one of which is also a director of the Corporation). One director (or 17% of the Board) is a woman. One member of senior management (or 13% of senior management) is a woman and four members of senior management (or 50% of senior management) are members of visible minorities.

AUDIT COMMITTEE

General

The Audit Committee is a standing committee of the Board, the primary function of which is to assist the Board in fulfilling its financial oversight responsibilities, which will include monitoring the quality and integrity of the Corporation’s financial statements and the independence and performance of the Corporation’s external auditor, acting as a liaison between the Board and the Corporation’s external auditor, reviewing the financial information that will be publicly disclosed and reviewing all audit processes and the systems of internal controls management and the Board have established.

Terms of Reference for the Audit Committee

The Board has adopted Terms of Reference for the Audit Committee, which sets out the Audit Committee’s mandate, organization, powers and responsibilities. The Audit Committee’s Terms of Reference is attached as Schedule “A” to this Information Circular.

Composition

The Audit Committee consisted of the following three directors as of December 31, 2019. Also indicated is whether they are considered ‘independent’ and ‘financially literate’.

Name of Member	Independent ⁽¹⁾	Financially Literate⁽²⁾
Joseph Arcuri (Chair)	Yes	Yes
Sara Elford	Yes	Yes
Stephen Wilton	Yes	Yes

Notes:

- (1) A member of the Audit Committee is independent if he has no direct or indirect ‘material relationship’ with the Corporation. A material relationship is a relationship which could, in the view of the Board, reasonably interfere with the exercise of a member’s independent judgment. An executive officer of the Corporation, such as the CEO, is deemed to have a material relationship with the Corporation.
- (2) A member of the Audit Committee is financially literate if he has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Corporation’s financial statements.

Because the shares of the Corporation are listed on the TSXV, it is categorized as a venture issuer. As a result, pursuant to National Instrument 52-110 – “Audit Committees” (“NI 52-110”), the Corporation is exempt from the requirement that all of the members of the Corporation’s Audit Committee must be independent.

Relevant Education and Experience

Each member of the Audit Committee has relevant education and experience with respect to the following:

- (a) understanding of the accounting principles used by the Corporation to prepare its financial statements;
- (b) ability to assess the general application of such accounting principles in connection with the accounting for estimates, accruals and reserves;
- (c) experience evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Corporation’s financial statements; and
- (d) understanding of internal controls and procedures for financial reporting.

The relevant education and experience of each of the members of the Audit Committee, Joseph Arcuri, Sara Elford, and Stephen Wilton, are more specifically described in the “Election of Directors” section of this Information Circular.

Audit Committee Oversight

Since the commencement of the Corporation’s most recently completed financial year, there has not been a recommendation of the Audit Committee to nominate or compensate an external auditor which was not adopted by the Board.

Reliance on Certain Exemptions

Since the commencement of the Corporation’s most recently completed financial year, the Corporation has not relied on the exemption in section 2.4 of NI 52-110 (De Minimis Non-Audit Services) or an exemption from NI 52-110, in whole or in part, granted under Part 8 of NI 52-110 (Exemptions).

Pre-Approval Policies and Procedures

The Audit Committee has not adopted specific policies and procedures for the engagement of non-audit services; however, as provided for in NI 52-110, the Audit Committee must pre-approve all non-audit services to be provided to the Corporation or its subsidiaries, unless otherwise permitted by NI 52-110.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No person who has been a director or an executive officer of the Corporation at any time since the beginning of its most recently completed financial year, any proposed nominee for election as a director of the Corporation or any associate or affiliate of any such director, executive officer or proposed nominee, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting (other than the election of directors or the appointment of auditors), except as disclosed in this Information Circular.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Unless otherwise disclosed herein, no informed person or proposed nominee for election as a director, or any associate or affiliate of any of the foregoing, has or has had any material interest, direct or indirect, in any transaction or proposed transaction since the commencement of the Corporation's most recently completed financial year, which has materially affected or will materially affect the Corporation or any of its subsidiaries, other than as disclosed by the Corporation during the course of the year or as disclosed herein.

STOCK OPTION PLAN

The Board has adopted the Stock Option Plan, which provides for equity participation in the Corporation by eligible directors, officers, employees and consultants through the acquisition of common shares. The Stock Option Plan was adopted by the Board on March 11th, 2014, approved by the shareholders of the Corporation on June 10, 2014, and re-approved on June 12, 2015, May 26, 2016, May 24, 2017, May 29, 2018, and May 28, 2019.

The existing Stock Option Plan was adopted to advance the interests of the Corporation by: (i) assisting in attracting and retaining qualified employees, directors, executive officers and consultants of the Corporation, (ii) promoting a proprietary interest in the Corporation among such persons; and (iii) stimulating the active interest of such persons in the development, financial success and long-term objectives of the Corporation.

The existing Stock Option Plan is a rolling stock option plan which sets the number of options available for grant by the Corporation at an amount equal to 10% of the Corporation's issued and outstanding common shares from time to time (on a non-diluted basis). Under TSXV policies, the Stock Option Plan must be approved by the Corporation's shareholders on an annual basis

As at April 13, 2020, the Corporation had 13,077,570 common shares issued and outstanding (on a non-diluted basis) and a maximum of 507,757 common shares were available for issuance pursuant to options granted under the Stock Option Plan (1,307,757 common shares less 800,000 common shares reserved for issuance under the Restricted Share Unit Plan). As at April 13, 2020, there were 177,512 options outstanding under the Stock Option Plan, representing approximately 1% of the common shares outstanding.

The amended and restated Stock Option Plan, the full text of which is attached as Schedule "B" to this Circular, will replace the existing Stock Option Plan as the stock option plan of the Corporation if the Stock Option Plan Resolution is approved by shareholders. For further information regarding the proposed amendments to the Stock Option Plan, see "Approval of Amendments to the Stock Option Plan".

The following is a summary of certain material terms of the existing Stock Option Plan which summary is qualified in its entirety by reference to the full text of the Stock Option Plan, as amended, which is attached to this Circular as Schedule "B" and will also be available for review at the Meeting.

Purpose

The purpose of the Stock Option Plan is to assist the Corporation in attracting, retaining and motivating directors, officers, employees and other persons who provide ongoing services to the Corporation and its affiliates and to closely align the personal interests of such participants with those of the Corporation's shareholders, by providing them with the opportunity to acquire common shares of the Corporation, and thereby a proprietary interest in the Corporation and its subsidiaries, through the exercise of share purchase options (the "**Options**").

Administration

The Board or such committee of the Board that the Board may designate to administer the Stock Plan (the "**Committee**") shall have full and exclusive power to interpret the Stock Option Plan, to adopt such rules, regulations and guidelines for carrying out the Stock Option Plan as it may deem necessary or proper, all of which powers shall be exercised in the best interests of the Corporation and in keeping with the objectives of the Stock Option Plan, and to reserve and issue Shares issuable pursuant to the exercise of Options.

Common Share Availability and Participation Limits

The number of common shares to be reserved and authorized for issuance pursuant to Options granted under the Stock Option Plan and under any other share compensation arrangements of the Corporation (including the Restricted Share Unit Plan, if approved) is 10% of the issued and outstanding common shares of the Corporation from time to time on a non-diluted basis.

Any Options previously granted under the Corporation's previous stock option plan (the "**Previous Plan Options**"), are deemed to have been issued under and will be governed by the terms of the Stock Option Plan and, in the event of any inconsistency between the terms of the agreements governing the Previous Plan Options and the terms of the Stock Option Plan, the terms of such agreements shall govern.

Additionally, if and for so long as the Shares are listed on the TSXV, the number of common shares which may be issuable under the Stock Option Plan within any twelve-month period:

- (a) to any one optionee, shall not exceed 5% of the total number of issued and outstanding common shares on a non-diluted basis as calculated on the date of grant;
- (b) to insiders of the Corporation as a group, shall not exceed 10% of the total number of issued and outstanding common shares on a non-diluted basis as calculated on the date of grant;
- (c) to any one consultant, shall not exceed 2% of the total number of issued and outstanding common shares on a non-diluted basis as calculated on the date of grant;
- (d) to all optionees retained by the Corporation to provide investor relations activities, shall not exceed 2% of the total number of issued and outstanding common shares on a non-diluted basis as calculated on the date of grant;

- (e) subject to any longer vesting period as may be set out in a related option agreement, an Option granted to a consultant performing investor relations activities shall vest in stages over 12 months with no more than 25% of the common shares subject to the Option vesting in any three-month period; and
- (f) the number of Options that are granted to insiders of the Corporation within any one-year period to acquire common shares reserved for issuance under the Stock Option Plan and any other share compensation arrangement of the Corporation and the number of common shares reserved for issuance to insiders of the Corporation under the Stock Option Plan and any other share compensation arrangement of the Corporation shall not exceed 10% of the Corporation's total issued and outstanding common shares.

Granting of Stock Options

The exercise price for Options granted under the Stock Option Plan will not be less than the market price of the common shares less the maximum discount permitted under the regulations of the stock exchange on which the common shares are principally traded or such other minimum exercise price as may be required or permitted by such stock exchange.

The vesting for each Option shall be determined by the Board (or such committee that the Board may designate to administer the Stock Option Plan) at the time that the Option is granted and shall be specified in the option agreement in respect of the Option.

Options are non-assignable and non-transferable, except by will and by the laws of descent and distribution.

Expiration of Options

Options may be exercisable for a term of up to ten years, subject to earlier termination in the event of death, disability or the participant's cessation of services to the Corporation.

Options granted to any participant who is a director, officer, employee or consultant shall expire the earlier of: (a) that date which is 90 days (30 days, for persons engaged in investor relations activities) after the participant ceases to be in at least one of such categories unless an earlier date is provided for in the participant's option agreement; and (b) the expiry of the option period. The Corporation may extend the period specified in the aforementioned subparagraph (a) in respect of any Option for a specified period up to the expiry of the option period.

Options granted to a participant engaged in investor relations activities for the Corporation shall expire on the date which is 30 days after the participant ceases to be engaged to provide investor relations activities unless an earlier date is provided for in the participant's option agreement.

If the expiry date of any Option would otherwise occur during or within 10 business days following the end of a period in which the trading of the common shares is restricted by the policies of the Corporation (a "**Blackout Period**"), then the expiry date of such Option shall be extended to the date which is the 10th business day following the expiration of the Blackout Period.

Cashless Exercise of Options

In lieu of exercising an Option to receive common shares, the Board may (if the common shares are not listed on the TSXV) permit a participant to elect to receive, without payment by the participant of any additional consideration, common shares equal to the value of the Option (or the portion thereof being exercised) by surrendering the Option to the Corporation accompanied with a notice of such “cashless” exercise.

Effect of Death, Disability, Retirement or Termination

In the event of the death of a participant while in service to the Corporation or a subsidiary of the Corporation, each outstanding Option held by the participant shall be exercisable until the earlier of (a) the expiration of one year following such death unless an earlier date is provided for in the participant’s option agreement; and (b) the expiry of the option period, but only by the person or persons to whom the participant’s rights under the Option shall pass by the participant’s will or by the laws of descent and distribution.

In the event of a permanent disability of a participant while in service to the Corporation or a subsidiary of the Corporation, each outstanding Option held by the participant shall be exercisable until the earlier of (a) the expiration of one year following dated on which the permanent disability is determined unless an earlier date is provided for in the option agreement; and (b) the expiry of the option period, but only by the participant or its legal guardian, if applicable.

Change of Control Provisions

Notwithstanding the other provisions of the Stock Option Plan, and unless otherwise determined by the Board, in the event of: (i) any Change of Control Transaction (as such term is defined in the Stock Option Plan); or (ii) an Unsolicited Offer (as such term is defined in the Stock Option Plan), all unexercised and unvested outstanding Options granted under the Stock Option Plan shall vest and become immediately exercisable in respect of any and all common shares for which holders of Options have not exercised the Options (immediately prior to the effective time of such Change of Control Transaction or on the date the Unsolicited Offer is made, as applicable). In the event of a Change of Control Transaction, the Board will have the power to terminate any number of the Options not exercised following the successful completion of a Change of Control Transaction. In the event of an Unsolicited Offer, any Option remaining unexercised following the earlier of the withdrawal of such Unsolicited Offer and the expiry of such Unsolicited Offer in accordance with its terms shall once again become subject to its original terms as if the Unsolicited Offer had not been made.

Treatment Under U.S. Tax Law

The Stock Option Plan provides that any Option granted to a citizen or resident of the United States of America and who, at the time of grant, is an employee of the Corporation or any parent or subsidiary of the Corporation will be an “incentive stock option” within the meaning of the U.S. Internal Revenue Code, unless the Corporation expressly determines that the Option is to be a non-qualified option. The Stock Option Plan includes various provisions that apply specifically to each such “incentive stock option”.

Amendment of Options and the Stock Option Plan

The Board may, in its discretion but subject to any necessary regulatory approvals, provide for the extension of the exercisability of an Option, accelerate the vesting or exercisability of any Option, eliminate or make less restrictive any restrictions contained in an option, waive any restriction or other provision of the Stock Option Plan or an option or otherwise amend or modify an option in any manner that is either (a) not adverse to the participant or (b) consented to by such participant.

The Board may in its absolute discretion amend the Stock Option Plan without shareholder approval at any time, provided that no such amendment will adversely affect any outstanding Options granted thereunder without the participant's consent. Without limiting the generality of the foregoing, the Board may make the following types of amendments to the Stock Option Plan without shareholder approval:

- (a) any amendment pertaining to the vesting provisions of each Option;
- (b) any amendment to the terms of the Stock Option Plan relating to the effect of termination, cessation of employment, disability or death of a participant on the right to exercise Options;
- (c) any amendment as may be necessary or desirable to bring the Stock Option Plan into compliance with securities, corporate or tax laws and the rules and policies of any stock exchange upon which the common shares of the Corporation are from time to time listed;
- (d) any amendment of a "housekeeping" nature including, but not limited to, amendments of a clerical, grammatical or typographical nature;
- (e) any amendment with respect to the administration of the Stock Option Plan;
- (f) any amendment to correct any defect, supply any information or reconcile any inconsistency in the Stock Option Plan in such manner and to such extent as shall be deemed necessary or advisable to carry out the purposes of the Stock Option Plan;
- (g) any amendment to the termination provisions of the Stock Option Plan or any Option; and
- (h) any other amendments, whether fundamental or otherwise, not requiring shareholder approval under applicable law or the rules, regulations and policies of any stock exchange on which the Corporation's shares are listed and of all securities commissions or similar securities regulatory authorities having jurisdiction over the Corporation.

Any amendment to the Stock Option Plan is also subject to any necessary approvals of any stock exchange or regulatory body having jurisdiction over the securities of the Corporation and, where required for such approvals, the approval of the shareholders of the Corporation.

Options Granted During the Most Recent Fiscal Year

There were 34,211 options awarded in 2019.

RESTRICTED SHARE UNIT PLAN

On March 4, 2020, the Board approved the adoption of the Restricted Share Unit Plan. The Board determined that it is desirable to have a wide range of incentive plans including the Restricted Share Unit Plan in place to attract, retain and motivate employees, directors and consultants of the Corporation. The Restricted Share Unit Plan is subject to the receipt of the requisite approvals of the TSXV and the shareholders.

The Restricted Share Unit Plan is to be established as a vehicle by which equity-based incentives may be granted to the employees, consultants, directors and officers of the Corporation to recognize and reward their significant contributions to the long-term success of the Corporation including to align the employees', consultants', directors' and officers' interests more closely with the interests of the Corporation's shareholders.

The Restricted Share Unit Plan allows for Restricted Share Units to be granted to eligible participants. Each Restricted Share Unit represents a right awarded to the participant to receive a payment in the form of a common share of the Corporation credited by bookkeeping entry to a notional account maintained by the Corporation in respect of the participant in accordance with the Restricted Share Unit Plan.

Under the Restricted Share Unit Plan, 800,000 common shares (representing approximately 6% of the Corporation's issued and outstanding common shares as at April 13, 2020), may be issued from treasury to participants by the Corporation to settle vested Restricted Share Units under the Restricted Share Unit Plan. As at April 13, 2020, 129,125 Restricted Share Units were outstanding under the Restricted Share Unit Plan.

The following is a summary of the key terms of the Restricted Share Unit Plan, which summary is qualified in its entirety by reference to the full text of the Restricted Share Unit Plan, which is attached to this Circular as Schedule "C" and will also be available for review at the Meeting.

Administration

The Restricted Share Unit Plan provides that it shall be administered by the Compensation Committee of the Board or, if the Board so determines, such other persons designated by the Board. The Compensation Committee shall, in its sole and absolute discretion, but subject to applicable corporate, securities and tax law requirements: (i) interpret and administer the Restricted Share Unit Plan; (ii) establish, amend and rescind any rules and regulations relating to the Restricted Share Unit Plan; and (iii) make any other determinations that the Compensation Committee deems necessary or desirable for the administration and operation of the Restricted Share Unit Plan.

Common Share Availability and Participation Limits

The aggregate maximum number of common shares available for issuance from treasury under the Restricted Share Unit Plan, subject to adjustment in the event of a stock dividend, consolidation,

subdivision or reclassification, shall not exceed 800,000 common shares.

The number of common shares which may be reserved for issuance under the Restricted Share Unit Plan, in combination with the aggregate number of common shares which may be issuable under any other share compensation arrangement of the Corporation, including the Stock Option Plan, shall not exceed 10% of the total number of issued and outstanding common shares on a non-diluted basis.

The number of common shares which may be issuable to any one participant pursuant to a single grant under the Restricted Share Unit Plan shall not exceed 1% of the total number of issued and outstanding common shares on a non-diluted basis as calculated on the date of such grant. Additionally, the number of common shares which may be issuable under the Restricted Share Unit Plan within any twelve-month period: (i) to any one participant, shall not exceed 2% of the total number of issued and outstanding common shares on a non-diluted basis as calculated on the date of such grants; and (ii) to insiders of the Corporation as a group, shall not exceed 10% of the total number of issued and outstanding common shares on a non-diluted basis as calculated on the date of such grants.

The aggregate equity value of all Restricted Share Units that are eligible to be settled in common shares or other securities exercisable into common shares granted to a non-employee director, within a one-year period, pursuant to all share compensation arrangements of the Corporation shall not exceed \$250,000, less any amount received by a director in lieu of the cash director fees and any other cash compensation payable in respect of the services provided to the Corporation by that director in his or her capacity as a director (“**Director’s Remuneration**”).

Granting of Restricted Share Units

The Compensation Committee shall from time to time determine the Eligible Persons to whom Restricted Share Units shall be granted, as approved by the Board. In determining the participants to be granted Restricted Share Units under the Restricted Share Unit Plan, the Compensation Committee shall give due consideration to the value of each Eligible Person’s present and potential future contribution to the Corporation’s success.

The Compensation Committee shall, in its sole discretion, determine any and all conditions to the vesting of any Restricted Share Units granted to a participant, which vesting conditions may be based on either or both of time and performance criteria. Each grant of a Restricted Share Unit under the Restricted Share Unit Plan shall be evidenced by a written agreement executed by the participant (a “**Restricted Share Unit Agreement**”). If vesting conditions based on performance criteria are applied to a grant of Restricted Share Units by the Committee, the Restricted Share Unit agreement may provide that the number of common shares that each Restricted Share Unit entitles the participant to receive value in respect of, being one common share, will be multiplied by a factor such that each Restricted Share Unit will entitle the Participant to receive value with respect to more than or less than one common share.

Unless otherwise set forth in the Restricted Share Unit Agreement, each Restricted Share Unit shall vest on the third anniversary of the grant date. No Restricted Share Unit and no other right or interest of a participant is assignable or transferable.

Each participant's notional account shall, from time to time, be credited with additional Restricted Share Units, the number of which shall be determined by dividing: (i) the product obtained by multiplying the amount of each dividend declared and paid by the Corporation on the common shares (if any) on a per share basis (excluding stock dividends, but including dividends which may be paid in cash or in shares at the option of the shareholder) by the number of Restricted Share Units recorded in the Participant's notional account (whether vested or unvested) on the record date for payment of any such dividend, by (ii) the Fair Market Value of a common share (as defined below) on the dividend payment date for such dividend. Such additional Restricted Share Units shall vest in the same manner as the underlying Restricted Share Units for which they relate.

For the purposes of the Restricted Share Unit Plan, "Fair Market Value" means the closing price of the common shares on the TSXV, or any other stock exchange or trading facilities through which the common shares trade or are quoted from time to time (together with the TSXV, the "**Exchange**"), on the business day immediately prior to the relevant date, provided that, if the common shares are not listed or quoted on any stock exchange or quotation system, then the Fair Market Value will be the value determined by the Compensation Committee in its sole discretion acting in good faith.

Settlement of Restricted Share Units

Unless settled earlier in accordance with the Restricted Share Unit Plan, the Restricted Share Units of each participant will be settled as soon as practicable following: (i) the settlement date provided for in the relevant Restricted Share Unit Agreement; or (ii) if such a date is not provided, no later than the third anniversary of the date such Restricted Share Units were granted.

Upon settlement, the Participant will be entitled to receive a number of common shares equal to the number of Restricted Share Units that have vested on the settlement date, which common shares the Corporation shall, in its sole discretion, either: (i) issue from treasury; or (ii) purchase through the facilities of the Exchange. For purposes of determining the number of common shares to be issued or delivered to a participant upon settlement of the Restricted Share Units, such calculation will be made on the settlement date and be the whole number of common shares equal to the whole number of vested Restricted Share Units recorded in the participant's notional account.

In settling Restricted Share Units through the purchase of common shares through the facilities of the Exchange, the Corporation may authorize the creation of trusts and deposit therein cash, common shares or other property, or make other arrangements to meet the obligations of the Corporation under the Restricted Share Unit Plan. The trustee of such trusts may be authorized to dispose of trust assets and reinvest the proceeds, subject to such terms and conditions as the Corporation may specify and in accordance with applicable law.

In the event a settlement date determined in accordance with the Restricted Share Unit Plan occurs during a Blackout Period (as defined in the Restricted Share Unit Plan) applicable to a participant, then the settlement date shall be extended to the tenth business day after the expiry of the Blackout Period.

Payment and Deferral of Director's Remuneration

Pursuant to the Restricted Share Unit Plan and subject to such rules, approvals and conditions as

the Committee may impose, a director may elect to receive his or her Director's Remuneration, in whole or in part, in the form of Restricted Share Units.

Effect of Death, Disability, Retirement or Termination

Unless otherwise provided in a participant's Restricted Share Unit Agreement or employment agreement:

- (a) if a participant ceases to be an Eligible Person a result of his or her termination with or without cause or voluntary resignation, all unvested Restricted Share Units held by such participant shall expire on his or her termination date;
- (b) if a participant ceases to be an Eligible Person as a result of his or her retirement, a pro-rata number of unvested Restricted Share Units shall vest on the participant's termination date, such pro-rata number of Restricted Share Units determined by multiplying the total number of Restricted Share Units granted by a fraction where: (i) the numerator is the total number of days between the grant date of the Restricted Share Units and the participant's termination date; and (ii) the denominator is the total number of days between the grant date of the Restricted Share Units and the settlement date of the Restricted Share Units. In the event that the retired participant works in the pharmaceutical industry for a company or organization other than the Corporation after his or her termination date but before the settlement date for the participant's vested Restricted Share Units, the Committee shall have the right to cancel such vested Restricted Share Units in its sole discretion;
- (c) if a participant who is a director ceases to be a director, any unvested Restricted Share Units received by the participant in lieu of his or her Director's Remuneration shall vest and be settled within 30 calendar days of the participant's termination date; and
- (d) if a participant ceases to be an Eligible Person as a result of his or her death, any unvested Restricted Share Units held by such Participant shall vest and be settled on such participant's termination date.

Change of Control Provisions

Subject to prior approval of the Exchange, in the event of a Change of Control (as defined in the Restricted Share Unit Plan), all Restricted Share Units shall vest on the date of the Change of Control and be settled as soon as reasonably practical thereafter.

Clawback

If the Corporation's financial statements (the "**Original Statements**") are required to be restated (other than as a result of a change in accounting policy by the Corporation or under International Financial Reporting Standards applicable to the Corporation) within three years following which such Original Statements were received by shareholders at the Corporation's then most recent annual general meeting of shareholders, and such restated financial statements (the "**Restated Statements**") disclose, in the opinion of the Committee, acting reasonably, materially worse financial results than those contained in the Original Statements, then the Compensation Committee may, in its sole discretion, to the full extent permitted by governing law and to the

extent it determines that such action is in the best interest of the Corporation, and in addition to any other rights that the Corporation may have at law or under any agreement, take any or all of the following actions, as applicable: (i) cancel and terminate any unvested Restricted Share Units on or prior to the applicable maturity or vesting dates, or cancel or terminate any outstanding Restricted Share Units which have vested but have not been settled in the twelve months prior to the date on which the Compensation Committee determines that the Corporation's Original Statements are required to be restated (a "**Relevant Equity Recoupment Date**"); and/or (ii) require either the return of any common shares acquired by a participant pursuant to a Restricted Share Unit granted in the twelve months prior to a Relevant Equity Recoupment Date or the payment to the Corporation of the value of any common shares of the Corporation acquired by a participant pursuant to a Restricted Share Unit granted in the twelve months prior to a Relevant Equity Recoupment Date (less any amount paid by the participant to acquire such common shares and less the amount of tax withheld pursuant to the *Income Tax Act* (Canada) or other relevant taxing authority in respect of such common shares).

Amendment of the Restricted Share Unit Plan

The Board reserves the right, in its sole discretion, to amend or revise the Restricted Share Unit Plan or any portion thereof at any time, in accordance with applicable legislation, without obtaining the approval of shareholders of the Corporation, provided that such amendment or revision does not adversely alter or impair any Restricted Share Unit previously granted except as permitted by the terms of the Restricted Share Unit Plan.

Notwithstanding the foregoing, the Corporation will be required to obtain shareholder approval, or disinterested shareholder approval if required by Exchange policies, for any amendment related to: (i) increasing the number of common shares available for grant under the Restricted Share Unit Plan, including any amendment to provisions of the Restricted Share Unit Plan limiting the amount of grants to specific kinds of Eligible Persons; (ii) any extension of the settlement date of any Restricted Share Unit, except in case of an extension due to a Blackout Period; and (iii) the amendment provisions of the Restricted Share Unit Plan.

Without limiting the generality of the foregoing, the Board may make the following amendments to the Restricted Share Unit Plan without obtaining shareholder approval: (i) amendments to the terms and conditions of the Restricted Share Unit Plan necessary to ensure that it complies with the applicable regulatory requirements, including the rules of the Exchange, in place from time to time; (ii) amendments to the provisions of the Restricted Share Unit Plan respecting administration of the Restricted Share Unit Plan and eligibility for participation thereunder; (iii) amendments to the provisions of the Restricted Share Unit Plan respecting the terms and conditions on which Restricted Share Units may be granted pursuant to the Restricted Share Unit Plan, including the provisions relating to the payment of the Restricted Share Units; and (iv) amendments to the Restricted Share Unit Plan that are of a "housekeeping" nature.

NORMAL COURSE ISSUER BID

On December 4, 2018, the Corporation announced its Notice of Intention to Make a Normal Course Issuer Bid ("**NCIB**") to purchase, between December 10, 2018 and December 9, 2019 up to 950,000 of its common shares, representing approximately 6.54% of the issued and outstanding common shares of the Corporation at that time. The Corporation purchased and cancelled the maximum

950,000 common shares during this period.

On December 11, 2019, the Corporation announced its intention to renew its NCIB to purchase, between December 17, 2019 and December 16, 2020 up to a further 800,000 of its common shares, representing approximately 5.89% of the issued and outstanding common shares of the Corporation at that time.

Purchases of common shares under the NCIB are made through the facilities of the TSXV or alternative Canadian trading systems at the market price of the common shares at the time of acquisition. The number of common shares the Corporation is permitted to purchase during any 30-day period is limited to 2% of the total number of common shares then issued and outstanding. All common shares purchased under the NCIB are cancelled.

The Corporation has entered into an automatic share purchase plan with Raymond James Ltd. in connection with the NCIB to allow for the purchase of common shares during certain pre-determined blackout periods. Outside of these pre-determined blackout periods, common shares will be purchased at the discretion of senior management of the Corporation.

The Corporation believes that its common shares may from time to time trade in a price range that does not adequately reflect the value of the common shares in relation to the Corporation's activities and future prospects. As a result, the Corporation believes that the purchase of common shares, from time to time, would be an appropriate use of corporate funds in light of potential benefits to remaining shareholders.

Since December 17, 2019 to the Record date, the Corporation has purchased 375,875 common shares pursuant to the NCIB at an average price of \$4.62 per share.

Shareholders may obtain, free of charge, a copy of the Corporation's "Notice of Intention to Make a Normal Course Issuer Bid" filed by the Corporation with the TSXV by contacting the Corporate Secretary of the Corporation at 2476 Argentia Road, Suite 402, Mississauga, Ontario, L5N 6M1 or by telephone at 905-206-0013 or by email at investors@biosyent.com.

- 3.2 The Committee shall have full and exclusive power to interpret the Plan, to adopt such rules, regulations and guidelines for carrying out the Plan as it may deem necessary or proper, all of which powers shall be exercised in the best interests of the Company and in keeping with the objectives of the Plan, and to reserve and issue Shares issuable pursuant to the exercise of Options. The Committee may, in its discretion but subject to any necessary approvals of any stock exchange or regulatory body having jurisdiction over the securities of the Company, provide for the extension of the exercisability of an Option, accelerate the vesting or exercisability of any Option, eliminate or make less restrictive any restrictions contained in an Option, waive any restriction or other provision of the Plan or an Option or otherwise amend or modify an Option in any manner that is either (a) not adverse to the Optionee holding such Option or (b) consented to by such Optionee. The Committee may correct any defect or supply any omission or reconcile any inconsistency in the Plan or in any Option in the manner and to the extent the Committee deems necessary or desirable to carry it into effect. Any decision of the Committee in the interpretation and administration of the Plan shall lie within its sole and absolute discretion and shall be final, conclusive and binding on all parties concerned. No member of the Committee shall be liable for anything done or omitted to be done by such member, by any member of the Committee or by any officer of the Company in connection with the performance of any duties under the Plan, except for such member’s own willful misconduct or as expressly provided by statute.
- 3.3 All administrative costs of the Plan shall be paid by the Company.

4. Eligibility

- 4.1 Options may be granted to Employees, Directors, Executive Officers, and Consultants of the Company or of a subsidiary of the Company (and such other persons permitted by the Exchange to be granted Options) who are in the opinion of the Committee in a position to contribute to the success of the Company or any subsidiary of the Company or who, by virtue of their service to the Company or to any subsidiary of the Company (or to any predecessors of the Company or a subsidiary of the Company) are, in the opinion of the Committee, worthy of special recognition. The granting of Options is entirely discretionary and nothing in this Plan shall be deemed to give any person any right to participate in this Plan or to be granted an Option and designation of an Optionee in any year shall not require the designation of such person to receive an Option in any other year. The Committee shall consider such factors as it deems pertinent in selecting participants and in determining the amount and terms of their respective Options.
- 4.2 On the effective date of the Plan, the Plan shall entirely replace and supersede prior stock option plans enacted by the Company. Any incentive stock options previously granted by the Company (the “Pre-Plan Options”) which remain outstanding as at March 11, 2014 will be deemed to have been issued under and will be governed by the terms of the Plan and, in the event of any inconsistency between the terms of the agreements governing the Pre-Plan Options and the terms of the Plan, the terms of such agreements shall govern. Any Shares issuable upon exercise of the Pre-Plan Options will be included for the purpose of calculating the amounts set out in sections 5 and 6 hereof.
- 4.3 Subject to any applicable regulatory approvals, Options may also be granted under the Plan in exchange for outstanding options granted by the Company, any predecessor corporation of the Company or any subsidiary of the Company, whether such outstanding options are granted under the Plan, under any other stock option plan of the Company, any such predecessor corporation or any such subsidiary, or under any stock option agreement with the Company, any such predecessor corporation or any such subsidiary.
- 4.4 Subject to any applicable regulatory approvals, Options may also be granted under the Plan in substitution for outstanding options of another company in connection with a plan of arrangement or exchange, amalgamation, merger, consolidation, acquisition of property or shares, or other reorganization between or involving such other company and the Company or any of its subsidiaries.

5. Number of Shares Reserved under the Plan

- 5.1 The maximum aggregate number of Shares issuable pursuant to the exercise of outstanding Options granted under or subject to the Plan, including Shares issuable upon exercise of the Pre-Plan Options, in combination with the aggregate number of Shares which may be issuable under any other Share Compensation Arrangement shall not exceed 10% of the total number of issued and outstanding Shares on a non-diluted basis from time to time.

6. Number of Optioned Shares per Optionee

- 6.1 The determination regarding the number of Shares that may be the subject of Options granted to each Optionee pursuant to an Option will be made by the Committee and will take into consideration the Optionee’s present and potential contribution to the success of the Company and applicable legal and regulatory requirements and, if and for so long as the Shares are listed on the TSXV, the number of Shares which may be issuable under the Plan within any twelve-month period:

- (a) to any one Optionee, shall not exceed 5% of the total number of issued and outstanding Shares on a non-diluted basis as calculated on the Date of Grant;
 - (b) to Insiders as a group, shall not exceed 10% of the total number of issued and outstanding Shares on a non-diluted basis as calculated on the Date of Grant;
 - (c) to any one Consultant, shall not exceed 2% of the total number of issued and outstanding Shares on a non-diluted basis as calculated on the Date of Grant; and
 - (d) to all Optionees retained by the Company to provide Investor Relations Activities, shall not exceed 2% of the total number of issued and outstanding Shares on a non-diluted basis as calculated on the Date of Grant;
 - (e) subject to any longer vesting period as may be set out in the related Option Agreement or Option Certificate, an Option granted to a Consultant performing Investor Relations Activities shall vest in stages over 12 months with no more than 25% of the Shares subject to the Option vesting in any three-month period; and

if and for so long as the Shares are listed on the TSX,
 - (f) the number of Options that are granted to Insiders of the Company within any one-year period to acquire Shares reserved for issuance under the Plan and any other Share Compensation Arrangement and the number of Shares reserved for issuance to Insiders under the Plan and any other Share Compensation Arrangement shall not exceed 10% of the Company's total issued and outstanding Shares.
- 6.2 Unless otherwise waived by the Board, during any time when the Company has a class of equity securities registered under Section 12 of the U.S. Exchange Act, it is the intent of the Company that Options pursuant to the Plan and the exercise of Options granted hereunder will qualify for the exemption provided by Rule 701 under the U.S. Securities Act. To the extent that any provision of the Plan or action by the Board does not comply with the requirements of Rule 701, it shall be deemed inoperative to the extent permitted by law and deemed advisable by the Board, and shall not affect the validity of the Plan. In the event that Rule 701 is revised or replaced, the Board may exercise its discretion to modify this Plan in any respect necessary to satisfy the requirements of, or to take advantage of any features of, the revised exemption or its replacement.
- 6.3 Notwithstanding anything in this Plan to the contrary, any Option granted under this Plan to an Optionee who is a citizen or resident of the United States of America, including its territories, possessions, and all areas subject to jurisdiction (a "U.S. Optionee") shall have a purchase price of the Shares subject to the Option not less than the fair market value of such Shares at the time the Option is granted (whether the Option is an Incentive Stock Option or a Non-Qualified Stock Option), unless the Option is granted in substitution for a stock option previously granted by an entity that is acquired by or merged with the Company. Any Option granted to a U.S. Optionee who, at the time of grant, is an employee of the Company or any "parent" or "subsidiary" of the Company (as defined in section 424 of the Code) shall be an Incentive Stock Option within the meaning of the Code, unless the Company expressly determines that the Option is to be a Non-Qualified Stock Option.

Notwithstanding anything in this Plan to the contrary, the following provisions shall apply to each Incentive Stock Option:

- (a) the Option shall be an Incentive Stock Option to the extent that the aggregate fair market value (determined as of the time the Option is granted) of the Shares with respect to which Options are exercisable for the first time by such U.S. Optionee during any calendar year under this Plan and all other incentive stock option plans, within the meaning of section 422 of the Code, of the Company and any “parent” or “subsidiary” of the Company (as defined in section 424 of the Code) does not exceed One Hundred Thousand Dollars in U.S. funds (US\$100,000);
- (b) to the extent that the aggregate fair market value (determined as of the time the Option is granted) of the Shares with respect to which Incentive Stock Options (determined without reference to this subsection) are exercisable for the first time by a U.S. Optionee during any calendar year under this Plan and all other incentive stock option plans, within the meaning of section 422 of the Code, of the Company and any “parent” or “subsidiary” of the Company (as defined in section 424 of the Code) exceeds One Hundred Thousand Dollars in U.S. funds (US\$100,000), such Options will be treated as Non-Qualified Stock Options in accordance with section 422(d) of the Code;
- (c) Incentive Stock Options shall only be available to employees as defined above (and not available to non-employee service providers);
- (d) no Incentive Stock Option may be granted following the expiry of 10 years after the date on which this Plan is adopted by the board of directors of the Company and no Incentive Stock Option may be exercisable following the expiry of 10 years after the date of grant (notwithstanding Section 8.6 to the contrary);
- (e) if any U.S. Optionee to whom an Incentive Stock Option is to be granted under this Plan is at the time of the grant of such Incentive Stock Option the owner of shares possessing more than 10% of the total combined voting power of all classes of the shares of the Company or any “parent” or “subsidiary” of the Company (as defined in section 424 of the Code), then the following special provisions shall be applicable to the Option granted to that U.S. Optionee:
 - (i) the purchase price of the Shares subject to such Incentive Stock Option shall not be less than 110% of the fair market value of one Share at the time of the grant; and
 - (ii) the term of such Option shall in no event exceed five (5) years from the date of the grant;
 - A. the total number of Shares which may be issued under the Plan as Incentive Stock Options shall not exceed 20,000,000, subject to adjustment as provided in section 11 and subject to the maximum number of Shares reserved under the Plan as set out in section 5;
 - B. no Incentive Stock Option granted under this Plan shall become exercisable until this Plan is approved by the shareholders of the Company;
 - C. any Incentive Stock Option may be exercised during the U.S. Optionee’s lifetime only by the U.S. Optionee;
 - D. the determination of the option exercise price and the number of shares subject to the Option after any adjustment provided for in section 11 shall be made in accordance with the rules set forth in section 424 of the Code

and regulations promulgated thereunder; and

- E. each of the foregoing provisions of this section 6.3 is intended to qualify any incentive stock option as an Incentive Stock Option to the greatest extent possible, and such provisions shall be interpreted consistently with such intent. No provision of this Plan, as it may be applied to an Incentive Stock Option, shall be construed so as to be inconsistent with any provision of section 422 of the Code.

6.4 Unless otherwise approved by the Board, the aggregate value of Shares issued to all Optionees within any consecutive 12 month period pursuant to the exercise of Options granted under this Plan and any other Share Compensation Arrangements shall not exceed the greatest of:

- (a) USD\$1,000,000;
- (b) 15% of the total assets of the Company, measured at its most recent annual balance sheet date; or
- (c) 15% of the outstanding Shares, measured at the Company's most recent annual balance sheet date.

For purposes of this Section 6.4, the method of calculating the aggregate value of Shares issued pursuant to the exercise of Options shall be made in compliance with Rule 701 of the U.S. Securities Act.

7. Price

7.1 The exercise price per Share subject to an Option shall be determined by the Committee at the time the Option is granted, provided that the exercise price shall not be less than the Market Price less the maximum discount permitted under the regulations of the Exchange, or such other minimum exercise price as may be required by the Exchange.

7.2 Subject to applicable regulatory requirements and approval, the Committee may, without shareholder approval, reprice the prevailing exercise price of an Option. Any reduction in the exercise price of an Option held by an Optionee who is an Insider at the time of the proposed amendment is, however, subject to Disinterested Shareholder Approval if and as may be required by the Exchange.

8. Term and Exercise of Options

8.1 The Option Period shall be determined by the Committee at the time the Option is granted and may be up to ten years from the Date of Grant, except as the same may be reduced pursuant to the provisions of section 10. Subject to the applicable maximum Option Period provided for in this section 8.1 and subject to applicable regulatory requirements and approvals, the Committee may extend the Option Period for an Option.

8.2 The vesting schedule for each Option shall be determined by the Committee at the time the Option is granted and shall be specified in the Option Agreement or Option Certificate in respect of the Option, subject to applicable regulatory requirements.

8.3 Notwithstanding the foregoing provision of this section 8:

- (a) unless otherwise determined by the Board, in the event of: (i) any Change of Control

Transaction, or (ii) an Unsolicited Offer, all unvested outstanding Options granted under this Plan shall vest and become immediately exercisable immediately prior to the effective time of such Change of Control Transaction or on the date the Unsolicited Offer is made, as applicable, notwithstanding that an agreement relating to the grant of Options states that those Options are exercisable only during a later period or year. Notwithstanding the foregoing, any such acceleration in the vesting of outstanding Options granted to individuals providing investor relations services is permitted without prior approval from the TSXV;

- (b) in addition to the foregoing, if the Board approves any Change of Control Transaction, the Board may, in its sole discretion, deliver prior notice of such Change of Control Transaction in writing to the Optionees and may provide such Optionees with a seven (7) day period from the giving of such notice (or such longer period as may be determined by the Board and as may be specified in such notice) to purchase all or a portion of the number of Shares to which such Optionees are entitled pursuant to the unexercised Options. Any number of the Options not exercised at the expiry of such period shall, if so specified in such notice, terminate and expire notwithstanding any other provisions contained herein, unless such Change of Control Transaction is not completed; and
 - (c) in the event of an Unsolicited Offer, the Optionee may exercise its Options (including those previously unvested Options that have vested pursuant to section 8.3(a)) so as to permit the Optionee to tender the Shares issuable upon exercise of such Options pursuant to the Unsolicited Offer, provided that: (i) if the Unsolicited Offer is not completed within the time specified therein; or (ii) all of the Shares tendered by the Optionee pursuant to the Unsolicited Offer are not taken up or paid for by the offeror in respect thereof, then the Shares received upon such exercise or, in the case of clause (i) and (ii) above, the Shares that are not taken up and paid for, may be returned by the Optionee to the Company and reinstated as authorized but unissued Shares and with respect to such Shares, the Options (other than Options issued to U.S. Optionees) shall be reinstated as if they had not been exercised and the original terms of the Options (including as to vesting) will apply. If any Shares are returned to the Company under this subsection 8.3(c), the Company shall immediately refund the exercise price to the Optionee (other than a U.S. Optionee). Any Option remaining unexercised following the earlier of the withdrawal of an Unsolicited Offer and the expiry of such Unsolicited Offer in accordance with its terms again becomes subject to the original terms of the agreement relating to the grant of Options as if the Unsolicited Offer had not been made.
- 8.4 The vested portion of Options will be exercisable, either all or in part, at any time after vesting. If less than all of the Shares included in the vested portion of any Option are purchased, the remainder may be purchased, subject to the Option's terms, at any subsequent time prior to the expiration of the Option Period.
- 8.5 The exercise of any Option will be contingent upon receipt by the Company of payment for the full exercise price of the Shares being purchased in cash by way of certified cheque or bank draft. No Optionee or the legal representatives, legatees or distributees of the Optionee will be, or will be deemed to be, a holder of any Shares subject to an Option under the Plan unless and until certificates for such Shares are issued to the Optionee or such other persons under the terms of the Plan.
- 8.6 If the expiry date of any Option would otherwise occur during or within 10 Business Days following the end of a period in which the trading of the Shares is restricted by the policies of the Company (a "Blackout Period"), then the expiry date of such Option shall be extended to the date which is the 10th Business Day following the expiration of the Blackout Period.

9. Option Agreement or Option Certificate

Upon the grant of an Option to an Optionee, the Company and the Optionee shall enter into an Option Agreement setting out the number of Shares subject to the Option, the exercise price per Share, the Option Period, and the vesting schedule for the Option (if any), and incorporating the terms and conditions of the Plan, any other requirements of applicable regulatory authorities, and such other terms and conditions as the Committee may determine are necessary or appropriate, subject to the terms of the Plan. Alternatively, upon the grant of an Option to an Optionee, the Company shall issue and deliver to the Optionee an Option Certificate (in lieu of an Option Agreement) which shall include the number of Shares subject to the Option, the exercise price per Share, the Option Period, and the vesting schedule for the Option (if any) and shall have attached thereto a copy of the Plan. Without limiting the generality of the foregoing and if and for so long as the Company is listed on the TSXV, for Options granted to Employees or Consultants, the Company and the Optionee are required to represent in an Option Agreement or Option Certificate, as the case may be, that the Optionee is a bona fide Employee or Consultant, as the case may be.

10. Effect of Termination of Employment, Retirement, Death or Disability

- 10.1 Options granted to any Optionee who is an Employee, Director, Executive Officer or Consultant of the Company or a subsidiary of the Company who is terminated for Cause shall immediately terminate and shall cease to be exercisable upon such termination for Cause.
- 10.2 Options granted to any Optionee who is an Employee, Director, Executive Officer or Consultant of the Company or a subsidiary of the Company shall expire on the earlier of:
- (a) that date which is 90 days after the Optionee ceases to be in at least one of such categories unless an earlier date is provided for in the Option Agreement or Option Certificate with respect to the Optionee's Option, and
 - (b) the expiry of the Option Period. The Committee may, in its sole discretion, extend such 90-day period in respect of any Option for a specified period up to the expiry of the Option Period.
- 10.3 Options granted to an Optionee who is engaged in Investor Relations Activities for the Company shall expire on the earlier of: (a) that date which is 30 days after the Optionee ceases to be engaged to provide Investor Relations Activities unless an earlier date is provided for in the Option Agreement or Option Certificate with the Optionee; and (b) the expiry of the Option Period. The Committee may, in its sole discretion, extend such 30-day period in respect of any Option for a specified period up to the expiry of the Option Period, subject to applicable regulatory requirements.
- 10.4 Notwithstanding sections 10.2 and 10.3, in the event of the death of an Optionee while in service to the Company or a subsidiary of the Company, each outstanding Option held by the Optionee (to the extent then vested and not exercised) shall be exercisable until the earlier of (a) the expiration of one year following such death unless an earlier date is provided for in the Option Agreement or Option Certificate with respect to the Optionee's Option; and (b) the expiry of the Option Period of the Option, but only by the person or persons to whom the Optionee's rights under the Option shall pass by the Optionee's will or by the laws of descent and distribution.
- 10.5 Notwithstanding sections 10.2 and 10.3, in the event of the Disability of an Optionee while in service to the Company or a subsidiary of the Company, each outstanding Option held by the Optionee (to the extent then vested and not exercised) shall be exercisable until the earlier of (a) the expiration of one year following dated on which the Disability is determined unless an earlier date is provided for in the

Option Agreement or Option Certificate with respect to the Optionee's Option; and (b) the expiry of the Option Period of the Option, but only by the Optionee or its legal guardian, if applicable.

10.6 Notwithstanding the foregoing provisions of this section 10 and subject to any applicable regulatory approvals, the Committee may, in its discretion, provide for the extension of the exercisability of an Option for any period that is not beyond the applicable expiry date of the Option, accelerate the vesting or exercisability of an Option, eliminate or make less restrictive any restrictions governing an Option, waive any restriction or other provision of this Plan or an Option or otherwise amend or modify the Option in any manner that is either (a) not adverse to such Optionee or (b) consented to by such Optionee.

11. **Adjustment in Shares Subject to the Plan**

11.1 The exercise price for and the number of Shares covered by an Option will be adjusted, with respect to the then-unexercised portion of the Option, by the Committee from time to time (on the basis of such advice as the Committee considers appropriate, including, if considered appropriate by the Committee, a certificate of the auditor of the Company) in the event and in accordance with the provisions and rules set out in this section 11. Any dispute that arises at any time with respect to any adjustment pursuant to such provisions and rules will be conclusively determined by the Committee, and any such determination will be binding on the Company, the Optionee and all other affected parties.

- (a) If a dividend is declared upon the Shares, payable in Shares (other than in lieu of dividends paid in the ordinary course), the number of Shares then subject to any Option shall be adjusted by adding to each such Share the number of Shares which would be distributable thereon if such Share had been outstanding on the date fixed for determining shareholders entitled to receive such stock dividend.
- (b) If the outstanding Shares are changed into or exchanged for a different number or kind of shares or other securities of the Company or of another corporation, whether through an arrangement, amalgamation or other similar procedure or otherwise, or a share recapitalization, subdivision or consolidation, then there shall be substituted for each Share subject to any Option the number and kind of shares or other securities of the Company or another corporation into which each outstanding Share shall be so changed or for which each such Share shall be exchanged.
- (c) If there is any change, other than as specified above in this section 11, in the number or kind of outstanding Shares or of any securities into which such Shares shall have been changed or for which they shall have been exchanged, then, if the Committee, in its sole discretion, determines that such change equitably requires an adjustment to be made in the number or kind of Shares then subject to any Option, an equitable adjustment shall be made in the number or kind of Shares, such adjustment shall be made by the Committee and be effective and binding for all purposes.
- (d) If the Company distributes by way of a dividend, or otherwise, to all or substantially all holders of Shares, property, evidences of indebtedness or shares or other securities of the Company (other than Shares) or rights, options or warrants to acquire Shares or securities convertible into or exchangeable for Shares or other securities or property of the Company, other than as a dividend in the ordinary course, then, if the Committee, in its sole discretion, determines that such action equitably requires an adjustment in the exercise price of the Option or number of Shares subject to any Option, or both, such adjustment shall be made by the Committee and shall be effective and binding for all purposes.

- 11.2 In the case of any such substitution or adjustment as provided for in this section 11, the exercise price in respect of each Option for each Share covered thereby prior to such substitution or adjustment will be proportionately and appropriately varied, such variation shall generally require that the number of Shares or securities covered by the Option after the relevant event multiplied by the varied option exercise price be equal to the number of Shares covered by the Option prior to the relevant event multiplied by the original exercise price of the Option.
- 11.3 No adjustment or substitution provided for in this section 11 shall require the Company to issue a fractional share in respect of any Option. Fractional shares shall be eliminated.
- 11.4 The grant of an Option shall not affect in any way the right or power of the Company to effect adjustments, reclassifications, reorganizations, arrangements or changes of its capital or business structure, or to amalgamate, merge, consolidate, dissolve or liquidate, or to sell or transfer all or any part of its business or assets.

12. **Non-Assignability**

All Options, benefits and rights accruing to any Optionee in accordance with the terms and conditions of the Plan are non-assignable and non-transferable, except as specifically provided in section 10.4 in the event of the death of the Optionee. During the lifetime of the Optionee, all such Options, benefits and rights may only be exercised by the Optionee.

13. **Employment**

Nothing contained in the Plan shall confer upon any Optionee any right with respect to employment or continuance of employment with, or the provision of services to, the Company or any subsidiary of the Company, or interfere in any way with the right of the Company or any subsidiary of the Company to terminate the Optionee's employment or services, with or without Cause, at any time. Participation in the Plan by an Optionee is voluntary.

14. **Record Keeping**

The Company shall maintain a register in which shall be recorded or maintained:

- (a) the name and address of each Optionee;
- (b) the number of Shares subject to Options granted to each Optionee, the number of Shares issued to each Optionee upon the exercise of Options and the number of Shares subject to Options remaining outstanding;
- (c) a copy of each outstanding Option Agreement or Option Certificate; and
- (d) such other information as the Committee may determine.

15. **Regulatory Approvals**

- 15.1 This Plan, the grant and exercise of Options hereunder and the Company's obligation to issue and deliver any Shares upon exercise of Options shall be subject to all applicable federal, provincial and foreign laws, policies, rules and regulations, to the policies, rules and regulations of any stock

exchange or other market on which the any class of Shares are listed or quoted for trading and to such approvals by any governmental or regulatory agency as may, in the opinion of counsel to the Company, be required. The Company shall not be obligated by the existence of this Plan or any provision of this Plan or the grant or exercise of Options hereunder to issue or deliver Shares upon exercise of Options in violation of such laws, policies, rules and regulations or any condition or requirement of such approvals. Each Optionee shall agree to comply with such laws, regulations and rules and to provide the Company with any information or undertaking required to comply with such laws, regulations and rules. If any Shares cannot be issued to any Optionee for any reason including, without limitation, the failure to obtain such approval, then the obligation of the Company to issue such Shares shall terminate and any exercise price for an Option paid to the Company shall be returned to the Optionee.

15.2 No Option shall be granted and no Shares shall be issued or delivered hereunder where such grant, issue or delivery would require registration or other qualification of this Plan or of any class of Shares under the securities laws of any foreign jurisdiction, and any purported grant of any Option or any issue and delivery of Shares hereunder in violation of this provision shall be void.

15.3 Shares issued and delivered to Optionees pursuant to the exercise of Options shall be subject to restrictions on resale and transfer under applicable securities laws and the requirements of any stock exchange or other market on which the any class of Shares are listed or quoted for trading, and any certificates representing such Shares shall bear, as required, a restrictive legend in respect thereof.

16. **Hold Periods, Securities Regulation and Tax Withholding**

16.1 If and for so long as the Shares are listed on the TSXV and in addition to any resale restrictions under applicable securities laws, for Options (a) having an exercise price per Share that is less than the Market Price or (b) granted to an Optionee who is a Director, Executive Officer or Significant Shareholder of the Company, any Shares issued on the exercise of such Options will be subject to a four-month hold period commencing on the particular Date of Grant of the Option, and certificates for the Shares will bear a restrictive legend setting out any such applicable hold period.

16.2 Where necessary to effect an exemption from registration of the Shares under securities laws applicable to the securities of the Company, an Optionee shall be required, upon the acquisition of any Shares upon the exercise of Options, to acquire such Shares with investment intent (i.e. for investment purposes) and not with a view to their distribution, and to present to the Committee an undertaking to that effect in a form acceptable to the Committee. The Committee may cause a legend or legends to be placed upon any certificates for the Shares to make appropriate reference to applicable resale restrictions. The Committee may take such other action or require such other action or agreement by such Optionee as may from time to time be necessary to comply with applicable securities laws. This provision shall in no way obligate the Company to undertake the registration or qualification of any Options or the underlying Shares under any securities laws applicable to the securities of the Company.

16.3 The Company shall have the authority to take steps for the deduction and withholding, or for the advance payment or reimbursement by the Optionee to the Company, of any taxes or other required source deductions which the Company is required by law or regulation of any governmental authority whatsoever to remit in connection with this Plan, or any issuance of optioned Shares. Without limiting the generality of the foregoing, the Company may, in its sole discretion:

- (a) deduct and withhold additional amounts from other amounts payable to an Optionee;
- (b) require, as a condition of the issuance of optioned Shares to an Optionee, that the Optionee make a cash payment to the Company equal to the amount, in the Company's opinion, required to be withheld and remitted by the Company for the account of the Optionee to the appropriate

governmental authority and the Company, in its discretion, may withhold the issuance or delivery of optioned Shares until the Optionee makes such payment; or

- (c) sell, on behalf of the Optionee, all or any portion of optioned Shares otherwise deliverable to the Optionee until the net proceeds of sale equal or exceed the amount which, in the Company's opinion, would satisfy any and all withholding taxes and other source deductions for the account of the Optionee.

16.4 Issuance, transfer or delivery of certificates for Shares purchased pursuant to the Plan may be delayed, at the discretion of the Committee, until the Committee is satisfied that the applicable requirements of securities and income tax laws have been met.

17. **Amendment and Termination of Plan**

The Board reserves the right to amend or terminate the Plan at any time without shareholder approval if and when it is advisable in the absolute discretion of the Board; provided, however, that no such amendment or termination shall adversely affect any outstanding Options granted under the Plan without the consent of the Optionee. Without limiting the generality of the foregoing, the Board may make the following types of amendments to the Plan without shareholder approval:

- (a) any amendment pertaining to the vesting provisions of each Option;
- (b) any amendment to the terms of the Plan relating to the effect of termination, cessation of employment, disability or death of an Optionee on the right to exercise Options;
- (c) any amendment as may be necessary or desirable to bring the Plan into compliance with securities, corporate or tax laws and the rules and policies of any stock exchange upon which the Shares are from time to time listed;
- (d) any amendment of a "housekeeping" nature including, but not limited to, amendments of a clerical, grammatical or typographical nature;
- (e) any amendment with respect to the administration of the Plan;
- (f) any amendment to correct any defect, supply any information or reconcile any inconsistency in the Plan in such manner and to such extent as shall be deemed necessary or advisable to carry out the purposes of the Plan;
- (g) any amendment to the termination provisions of the Plan or any Option; and
- (h) any other amendments, whether fundamental or otherwise, not requiring shareholder approval under applicable law or the rules, regulations and policies of any stock exchange on which the Company's shares are listed and of all securities commissions or similar securities regulatory authorities having jurisdiction over the Company.

Any amendment to the Plan shall also be subject to any necessary approvals of any stock exchange or regulatory body having jurisdiction over the securities of the Company and, where applicable, the approval of the shareholders of the Company (except where an amendment is made pursuant to section 15.1 or the foregoing sections 17(a) to (i)).

18. **No Representation or Warranty**

The Company makes no representation or warranty as to the future market value of any Shares issued in accordance with the provisions of the Plan.

19. **Proceeds from Sale of Shares**

The proceeds from the sale of Shares issued upon the exercise of Options shall be added to the general funds of the Company and shall thereafter be used from time to time for such corporate purposes as the Board may determine.

20. **General Provisions**

- 20.1 Nothing contained in the Plan shall prevent the Company or any subsidiary of the Company from adopting or continuing in effect other Share Compensation Arrangements or other compensation arrangements, which may, but need not, provide for the issuance of securities of the Company (subject to shareholder approval if such approval is required by applicable securities regulatory authorities) and such arrangements may be either generally applicable or applicable only in specific cases.
- 20.2 The validity, construction and effect of the Plan and any rules and regulations relating to the Plan and any Option Agreement or Option Certificate, and all determinations made and actions taken pursuant hereto shall be governed by and determined in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein.

All Common Shares issued pursuant to the exercise or the vesting of the Restricted Share Units granted under the Plan shall be so issued as fully paid and non-assessable Common Shares.

 - (i) to any one Participant, shall not exceed 2% of the total number of issued and outstanding Common Shares on a non-diluted basis as calculated on the Grant Date; and

Article 3 – Restricted Share Units

3.1 Grant of Restricted Share Units

- (a) On each Grant Date, the Committee shall designate Eligible Persons and determine the number of Restricted Share Units to be granted to each Eligible Person in the Committee's sole discretion. Concurrent with the determination to grant Restricted Share Units to an Eligible Person, the Committee shall determine the Settlement Date applicable to such Restricted Share Units.
- (b) The Committee may, at its sole discretion, describe in the Restricted Share Unit Agreement, certain Performance Criteria and other vesting conditions, if any, which must be met during the

period beginning on the Grant Date and ending on the Settlement Date in order for Restricted Share Units to vest to the Participant, provided the Participant is continuously and actively employed by or in service with the Corporation or any of its affiliates during such period. The Committee will, at its sole discretion, have the authority to decide if the Performance Criteria have been met. For greater certainty, Restricted Share Units may be subject to Performance Criteria. The Restricted Share Unit Agreement may provide that the number of Common Shares that each Restricted Share Unit entitles the Participant to receive value in respect of, being one Common Share, will be multiplied by a factor (the “**Performance Multiplier**”) such that each Restricted Share Unit will entitle the Participant to receive value with respect to more than or less than one Common Share.

- (c) Unless otherwise set forth in the Restricted Share Unit Agreement, each Restricted Share Unit shall vest on the third anniversary of the Grant Date.
- (d) All Restricted Share Units granted under this Plan shall vest in accordance with the terms of the applicable Restricted Share Unit Agreement entered into in respect of such Restricted Share Units.

3.2 Settlement of Restricted Share Units

- (a) Unless settled earlier in accordance with this Plan, the Restricted Share Units of each Participant will be settled as soon as practicable following the applicable Settlement Date. Upon settlement, the Participant will be entitled to receive a number of Common Shares equal to the number of Restricted Share Units that have vested on the Settlement Date(s), as the case may be, which Common Shares the Corporation shall, in its sole discretion, either: (i) issue from treasury; or (ii) purchase through the facilities of the Exchange. For purposes of determining the number of Common Shares to be issued or delivered to a Participant upon settlement of the Restricted Share Units, such calculation will be made on the Settlement Date and be the whole number of Common Shares equal to the whole number of vested Restricted Share Units recorded in the Participant’s account. Common Shares issued or delivered to the Participant will be issued or delivered in consideration for the past services of the Participant to the Corporation and the entitlement of the Participant under this Plan shall be satisfied in full by such issuance of Common Shares.
- (b) Any issuance of Common Shares from treasury in accordance with this Section 3.2 shall be subject to the prior approval of the Board.
- (c) In settling Restricted Share Units through the purchase of Common Shares through the facilities of the Exchange, the Corporation may authorize the creation of trusts and deposit therein cash, Common Shares or other property, or make other arrangements to meet the obligations of the Corporation under this Plan. The trustee of such trusts may be authorized to dispose of trust assets and reinvest the proceeds, subject to such terms and conditions as the Corporation may specify and in accordance with applicable law.

3.3 Payment and Deferral of Director’s Remuneration

Subject to such rules, approvals and conditions as the Committee may impose, a Director may elect to receive the Director’s Remuneration, in whole or in part, in the form of Restricted Share Units in the following manner:

- (a) *Method of Electing for Director's Remuneration.* Unless otherwise permitted by the Committee, to elect to receive Restricted Share Units in respect of a Director's Remuneration Period, the Director shall complete and deliver to the Corporation, a written irrevocable election in the form of Appendix "B" attached hereto (an "**Election Notice**") by no later than the last day of the preceding Director's Remuneration Period. The Director's Election Notice shall, subject to any minimum amount that may be required by the Committee in its sole discretion, designate the portion or percentage of the Director's Remuneration for the applicable Director's Remuneration Period that is to be deferred into Restricted Share Units, with the remaining portion or percentage to be paid in cash in accordance with the Corporation's regular practices of paying such cash compensation. In the absence of a designation to the contrary, the Director's election for the most recently ended Director's Remuneration Period with respect to the portion or percentage of the Director's Remuneration that is to be deferred into Restricted Share Units shall continue to apply to all subsequent Director's Remuneration payments until the Director submits another Election Notice in accordance with this paragraph. A Director shall only file one election in respect of the Director's Remuneration payable in any Director's Remuneration Period and the election shall be irrevocable for that Director's Remuneration Period. If no election is made, and no prior election remains effective, with respect to any Director's Remuneration Period, the Director shall be deemed to have elected to defer any minimum amount that may be required by the Committee into Restricted Share Units and to receive the balance of the Director's Remuneration for the applicable Director's Remuneration Period quarter in cash.
- (b) *Payment of Director's Remuneration.* The portion or percentage of the Director's Remuneration credited as Restricted Share Units, as elected by the Director, shall be determined on the first Business Day following the last day of each Director's Remuneration Period quarter for which the Director's Remuneration is payable.
- (c) *Restricted Share Units.* Restricted Share Units elected by a Director pursuant to the Plan shall be credited to an account maintained for the Director by the Corporation. The number of Restricted Share Units including fractional Restricted Share Units to be credited on the applicable Grant Date shall be determined by dividing the amount of the Director's Remuneration to be deferred into Restricted Share Units on such date by the Fair Market Value per Common Share on the Grant Date.

3.4 Blackout Period

In the event the Settlement Date determined in accordance with the Plan occurs during a Blackout Period applicable to the relevant Participant, then the Settlement Date shall be extended to the tenth Business Day after the expiry of the Blackout Period.

3.5 Withholding Taxes

The Corporation may take such steps as are considered necessary or appropriate for the withholding of any taxes which the Corporation is required by any law or regulation of any governmental authority whatsoever to withhold in connection with any Common Share issued under the Plan including, without limiting the generality of the foregoing, the withholding of all or any portion of any payment or the withholding of the issue of Common Shares to be issued under the Plan until such time as the Participant has paid the Corporation for any amount which the Corporation is required to withhold with respect to such taxes or other amounts. Without limitation to the foregoing, the Committee may adopt administrative rules under the Plan which provide for the sale of Common Shares (or a portion thereof) in the market upon the issuance of such Common Shares under the provisions of the Plan to satisfy

withholding obligations under the Plan.

3.6 Payment of Dividend Equivalents

Each Participant's notional account shall, from time to time, be credited with additional Restricted Share Units (including fractional Restricted Share Units), the number of which shall be determined by dividing:

- (1) the product obtained by multiplying the amount of each dividend declared and paid by the Corporation on the Common Shares (if any) on a per share basis (excluding stock dividends, but including dividends which may be paid in cash or in shares at the option of the shareholder) by the number of Restricted Share Units recorded in the Participant's notional account (whether vested or unvested) on the record date for payment of any such dividend,

by

- (2) the Fair Market Value of a Common Share on the dividend payment date for such dividend.

Such additional Restricted Share Units shall vest in the same manner as the underlying Restricted Share Units for which they relate.

3.7 Adjustments

If any change occurs in the outstanding Common Shares by reason of a Reorganization, the Committee, in its sole discretion, and without liability to any Person, shall make such equitable changes or adjustments, if any, as it considers appropriate and in such a manner as the Committee may consider equitable, to reflect such change or event including, without limitation, adjusting the number of Restricted Share Units credited to Participants and outstanding under the Plan, provided that any such adjustment will not extend the Settlement Date otherwise applicable. The Corporation shall give notice to each Participant of any adjustment made pursuant to this section and, upon such notice, such adjustment shall be conclusive and binding for all purposes. The existence of outstanding Restricted Share Units shall not affect in any way the right or power and authority of the Corporation or its shareholders to make or authorize any alteration, recapitalization, reorganization or any other change in the Corporation's capital structure or its business or any merger or consolidation of the Corporation, any issue of bonds, debentures or preferred or preference shares (ranking ahead of the Common Shares or otherwise) or any right thereto, or the dissolution or liquidation of the Corporation, any sale or transfer of all or any part of its assets or business or any corporate act or proceeding whether of a similar character or otherwise.

3.8 Change of Control

Notwithstanding anything else herein to the contrary, subject to prior approval of the Exchange if required, in the event of a Change of Control, all Restricted Share Units shall vest on the date of the Change of Control and be settled as soon as reasonably practical following the Settlement Date. For the purposes of this Section 3.8, the Settlement Date shall be the date on which the Change of Control occurs.

Article 4 – Events Affecting Entitlement

4.1 Termination

Unless otherwise provided in a Participant's Restricted Share Unit Agreement or employment agreement

and regardless of any adverse or potentially adverse tax or other consequences resulting from the foregoing:

- (a) if a Participant ceases to be an Eligible Person as a result of his or her termination with or without cause or voluntary resignation, all unvested Restricted Share Units held by such Participant shall expire on the Termination Date;
- (b) if a Participant ceases to be an Eligible Person as a result of his or her Retirement, a pro-rata number of unvested Restricted Share Units shall vest on the Participant's Termination Date, such pro-rata number of Restricted Share Units determined by multiplying the total number of Restricted Share Units granted by a fraction where (i) the numerator is the total number of days between the applicable Grant Date of such grant and the Termination Date and (ii) the denominator is the total number of days between the applicable Grant Date of such grant and the Settlement Date of such grant. In the event that the retired Participant works in the pharmaceutical industry for a company or organization other than the Corporation after the Participant's Termination Date but before the Settlement Date for the Participant's vested Restricted Share Units, the Committee shall have the right to cancel such vested Restricted Share Units in its sole discretion;
- (c) notwithstanding Sections 4.1(a) and (b), if a Participant who is a Director ceases to be a Director, any unvested Restricted Share Units received by the Participant in lieu of his or her Director's Remuneration in accordance with Section 3.3 shall vest and be settled within 30 calendar days of the Participant's Termination Date; and
- (d) if a Participant ceases to be an Eligible Person as a result of his or her death, any unvested Restricted Share Units held by such Participant shall vest and be settled on the Participant's Termination Date.

4.2 Clawback

It is a condition of each grant of a Restricted Share Unit that if the Corporation's financial statements (the "**Original Statements**") are required to be restated (other than as a result of a change in accounting policy by the Corporation or under International Financial Reporting Standards applicable to the Corporation) within three years following which such Original Statements were received by shareholders at the Corporation's then most recent Annual General Meeting, and such restated financial statements (the "**Restated Statements**") disclose, in the opinion of the Committee, acting reasonably, materially worse financial results than those contained in the Original Statements, then the Committee may, in its sole discretion, to the full extent permitted by governing law and to the extent it determines that such action is in the best interest of the Corporation, and in addition to any other rights that the Corporation may have at law or under any agreement, take any or all of the following actions, as applicable: (i) cancel and terminate any unvested Restricted Share Units on or prior to the applicable maturity or vesting dates, or cancel or terminate any outstanding Restricted Share Units which have vested but have not been settled in the twelve months prior to the date on which the Committee determines that the Corporation's Original Statements are required to be restated (a "**Relevant Equity Recoupment Date**"); and/or (ii) require either the return of any Common Shares acquired by a Participant pursuant to a Restricted Share Unit granted in the twelve (12) months prior to a Relevant Equity Recoupment Date or the payment to the Corporation of the value of any Common Shares of the Corporation acquired by a Participant pursuant to a Restricted Share Unit granted in the twelve (12) months prior to a Relevant Equity Recoupment Date (less any amount paid by the Participant to acquire such Common Shares and less the amount of tax withheld pursuant to the Tax Act or other relevant taxing authority in respect of such Common Shares).

4.3 No Grants Following Last Day of Active Employment

In the event of termination of any Participant's employment with the Corporation, such Participant shall not be granted any Restricted Share Units pursuant to Section 3.1 after the last day of active employment of such Participant. Without limiting the generality of the foregoing and of Section 2.4, notwithstanding any other provision hereof, and notwithstanding any provision of any employment agreement between any Participant and the Corporation, no Participant will have any right to be granted additional Restricted Share Units, and shall not be granted any Restricted Share Units, pursuant to Section 3.1 after the last day of active employment of such Participant on which such Participant actually performs the duties of the Participant's position, whether or not such Participant receives a lump sum payment of salary or other compensation in lieu of notice of termination, or continues to receive payment of salary, benefits or other remuneration for any period following such last day of active employment. Notwithstanding any other provision hereof, or any provision of any employment agreement between the Corporation and a Participant, in no event will any Participant have any right to damages in respect of any loss of any right to be granted Restricted Share Units pursuant to Section 3.1 after the last day of active employment of such Participant and no severance allowance, or termination settlement of any kind in respect of any Participant will include or reflect any claim for such loss of right and no Participant will have any right to assert, claim, seek or obtain, and shall not assert, claim, seek or obtain, any judgment or award in respect of or which includes or reflects any such right or claim for such loss of right.

- (d) upon the Participant's incapacity, the legal representative having authority to deal with the property of the Participant;

provided that any such legal representative shall first deliver evidence satisfactory to the Corporation of entitlement to exercise any Restricted Share Unit. A Person exercising a Restricted Share Unit may subscribe for Common Shares only in the Person's own name or in the Person's capacity as a legal representative.

5.2 Administration

The Committee shall, in its sole and absolute discretion, but subject to applicable corporate, securities and tax law requirements: (i) interpret and administer the Plan; (ii) establish, amend and rescind any rules and regulations relating to the Plan, subject to Section 6.1 hereof and any applicable rules of the

Exchange; and (iii) make any other determinations that the Committee deems necessary or desirable for the administration and operation of the Plan. The Committee may delegate to any Person any administrative duties and powers under this Plan. The Committee may correct any defect or supply any omission or reconcile any inconsistency in the Plan in the manner and to the extent the Committee deems, in its sole and absolute discretion, necessary or desirable. Any decision of the Committee with respect to the administration and interpretation of the Plan shall be conclusive and binding on the Participant and its legal representative.

5.3 Committee's Liability

No member of the Board or of the Committee shall be liable for any action or determination taken or made in good faith in the administration, interpretation, construction or application of the Plan or any Restricted Share Unit granted hereunder.

5.4 Records

The Corporation will maintain records indicating the number of Restricted Share Units credited to a Participant under the Plan from time to time and the Grant Dates of such Restricted Share Units. Such records shall be conclusive as to all matters involved in the administration of this Plan.

5.5 Legal Compliance

Without limiting the generality of the foregoing, the Committee may take such steps and require such documentation from any Participant as the Committee may determine are desirable to ensure compliance with all applicable laws and legal requirements, including all applicable corporate and securities laws and regulations of any country, and any political subdivisions thereof, and the by-laws, rules and regulations of the Exchange and any applicable provisions of the Tax Act or the income tax legislation of any other jurisdiction.

Article 6 – Amendment and Termination

6.1 Amendment

- (a) The Board reserves the right, in its sole discretion, to amend or revise the Plan or any portion thereof at any time, in accordance with applicable legislation, without obtaining the approval of shareholders of the Corporation, provided that such amendment or revision does not adversely alter or impair any Restricted Share Unit previously granted except as permitted by the terms of this Plan.
- (b) Notwithstanding the foregoing, the Corporation will be required to obtain shareholder approval, or Disinterested Shareholder approval if required by the TSXV Policies, for any amendment related to:
 - (i) increasing the number or percentage of issued and outstanding Common Shares available for grant under the Plan, including, without limitation, any amendment to Section 2.6 of the Plan;
 - (ii) any extension of the Settlement Date of any Restricted Share Unit, except in case of an extension due to a Blackout Period; and

- (iii) the amendment provisions of the Plan;
- (c) Without limiting the generality of the foregoing, the Board may make the following amendments to the Plan without obtaining shareholder approval:
 - (i) amendments to the terms and conditions of the Plan necessary to ensure that the Plan complies with the applicable regulatory requirements, including the rules of the Exchange, in place from time to time;
 - (ii) amendments to the provisions of the Plan respecting administration of the Plan and eligibility for participation under the Plan;
 - (iii) amendments to the provisions of the Plan respecting the terms and conditions on which Restricted Share Units may be granted pursuant to the Plan, including the provisions relating to the payment of the Restricted Share Units; and
 - (iv) amendments to the Plan that are of a “housekeeping” nature.

6.2 Termination of the Plan

The Board may from time to time suspend this Plan in whole or in part and may at any time terminate this Plan. No such suspension or termination shall adversely affect the rights of any Participant at the time of such suspension or termination with respect to outstanding and unvested Restricted Share Units credited to such Participant without the consent of the affected Participant. If the Board terminates the Plan, no new Restricted Share Units will be granted to any Eligible Person, but outstanding and unvested previously credited Restricted Share Units shall remain outstanding, be entitled to payments as provided under Section 3.6, and be paid in accordance with the terms and conditions of this Plan existing at the time of termination. This Plan will finally cease to operate for all purposes when the last remaining Participant receives a payment in satisfaction of all outstanding and unvested Restricted Share Units credited to such Participant, or all outstanding and unvested Restricted Share Units credited to such Participant are cancelled pursuant to the provisions thereof.

Article 7 – General

7.1 Rights to Common Shares

This Plan shall not be interpreted to create any entitlement of any Eligible Person to any Common Shares, or to any dividends payable pursuant thereto, except as expressly provided herein. A holder of Restricted Share Units shall not have rights as a shareholder of the Corporation with respect to any Common Shares which may be received by them pursuant to the settlement of Restricted Share Units so held.

7.2 No Right to Employment or Service

This Plan shall not be interpreted as either an employment or trust agreement. Nothing in this Plan nor any Committee guidelines or any Restricted Share Unit Agreement nor any action taken hereunder shall be construed as giving any Participant the right to be retained in the continued employ or service of the Corporation or any of its subsidiaries, or giving any Participant or any other Person the right to receive any benefits not specifically expressly provided in this Plan nor shall it interfere in any way with any other right of the Corporation to terminate the employment or service of any Participant at any time.

7.3 Conformity to the Plan

In the event that a Restricted Share Unit is granted or a Restricted Share Unit Agreement is executed which does not conform in all particulars with the provisions of the Plan, or purports to grant Restricted Share Units on terms different from those set out in the Plan, the Restricted Share Unit or the grant of such Restricted Share Unit shall not be in any way void or invalidated, but the Restricted Share Unit so granted will be adjusted to become, in all respects, in conformity with the Plan.

7.4 Right to Funds

Neither the establishment of this Plan nor the granting of Restricted Share Units under this Plan shall be deemed to create a trust. Amounts payable to any Eligible Person under the Plan shall be a general, unsecured obligation of the Corporation. The right of Eligible Persons to receive payment pursuant to this Plan shall be no greater than the right of other unsecured creditors of the Corporation.

7. This Agreement shall be considered as part of and an amendment to any employment agreement between the Participant and the Corporation and the Participant hereby agrees that the Participant will not make any claim under that employment agreement for any rights or entitlement under the Plan or damages in lieu thereof except as expressly provided in the Plan.

**APPENDIX “B”
ELECTION NOTICE FOR DIRECTOR’S REMUNERATION**

All capitalized terms used herein but not otherwise defined shall have the meanings ascribed to them in the Plan.

Pursuant to the Restricted Share Unit Plan (the “**Plan**”), I hereby elect to receive _____% of my Director’s Remuneration in the form of Restricted Share Units in lieu of cash.

I confirm that:

- (a) I have received and reviewed a copy of the terms of the Plan and have reviewed, considered and agreed to be bound by the terms of this Election Notice and the Plan;
- (b) I have requested and am satisfied that the Plan and the foregoing be drawn up in the English language. *Le soussigné reconnaît qu’il a exigé que le Régime et ce qui précède soient rédigés et exécutés en anglais et s’en déclare satisfait;*
- (c) I recognize that Restricted Share Units will vest quarterly during the Director’s Remuneration Period and must be settled on their applicable Settlement Dates due to the operation of the Tax Act, and that income tax and other required withholdings may arise at the time when Restricted Share Units are settled in accordance with the terms of the Plan. For greater certainty, I acknowledge and agree that in the event that I cease to be a director for any reason during a Director’s Remuneration Period, any unvested Restricted Share Units will immediately be cancelled. Upon settlement of the Restricted Share Units, the Corporation will make or arrange with me to make all appropriate withholdings as required by law at that time; and
- (d) the value of Restricted Share Units is based on the value of the Common Shares of the Corporation and therefore is not guaranteed.

The foregoing is only a brief outline of certain key provisions of the Plan. For more complete information, reference should be made to the Plan.
